Vertical Horizons Douglas M. Grant,2017-10-07 Looking back over thirty years of flying for Okanagan I see the experience has given me an interesting life I have never really considered flying as work It is more a way of life a way of life that nourishes a free spirit something that not many jobs can give you I just cannot imagine anything I would rather have done or any company I would have rather worked for Jim Reid pilot In 1945 following years as an instructor Carl Agar was honourably discharged from the British and Commonwealth Air Training Plan and moved to Penticton where he began looking for flying opportunities A first attempt to start a flying club never took off but Agar and his partners Barney Bent and Alf Stringer were determined to get off the ground They began looking at commercial ventures and in 1947 Okanagan Air Services OAS was formed to provide instruction and contract work After a rough start while demonstrating fruit spraying Agar crashed a helicopter into power lines the company got a break in May 1948 when the Fraser floods swamped the valley and OAS received a mosquito spraying contract From there the company flourished going on to fly the first unaccompanied commercial helicopter ferry flight from Canada to the UK monitor polar bears in the High Arctic provide offshore oil rig support during monsoons and at the company s high point operate in over 33 countries with 600 employees and 126 helicopters Back home Agar opened the Mountain Flying School in Penticton which is still in operation today and has trained thousands of civilian and military pilots from all over the world Vertical Horizons is also the story of the employees who were pivotal to the success of the company Individuals experiences range from tragic to humorous and include a UFO sighting in the Arctic witnessing the Jonestown massacre and a rescue of Vietnamese refugees off the coast of Thailand Featuring first hand accounts extensive research and a multitude of photographs Vertical Horizons is the first ever history of the company that pioneered flying high mountain terrain making it a must read for any aviation buff *Skiing* ,1977-01 **The AOPA Pilot** ,1998 **Ski** ,1978-03 **Skiing** ,1977-09 *Ski* ,1989-01 Bugaboo Dreams Topher Donahue,2012-02-01 Take the snowiest mountains in Canada add two Austrian immigrants an army of adrenaline addicted skiers kings queens billionaires average people and everyday ski bums and throw a helicopter into the mix for an unforgettable story of mountain adventure The tale begins when two childhood friends Hans Gmoser and Leo Grillmair leave postwar Austria and travel to Canada in search of adventure They stumble upon employment taking skiers across the vast glaciers and through the thick forests of Western Canada When skiers start asking the immigrant mountaineers if it would be possible to use a helicopter to reach the best high altitude powder the two find themselves catapulted into a project brimming with more adventure success tragedy and fame than they could have dreamed Complete with archival and contemporary photos this is the inside story of the people thrills accidents and innovations behind the evolution of a sport from a dangerous ramshackle and lawless enterprise into a multi million dollar industry offering reliable access to one of the world s most exciting forms of recreation
