

Skipping Rhymes

(Bill Allan, NLES)D

Miss Susie had a baby
His name was Tiny Tim
She put him in the bathtub
To see if he could swim.

He drank up all the water.
He ate up all the soap.
He tried to eat the bathtub
But it wouldn't go down his throat.

In came the doctor.
In came the nurse.
In came the lady
With the alligator purse.

Out ran the doctor.
Out ran the nurse.
Out ran the lady
With the alligator purse.

And now Tiny Tim
Is home sick in bed,
With soap in his throat
And bubbles in his head.

Cinderella dressed in yella,
Went upstairs to see her fella,
Made a mistake and kissed a snake,
How many doctors did it take?
1, 2, 3, 4, 5...
(Count jumps out loud until jumper stops jumping)

Hot Potato
One potato, two potato, three potato,
Four.
Five potato, six potato, seven potato,
MORE.
(eight, nine, ten, and so on until the jumper reaches preset goal, such as twenty-five, or misses before the goal is met)

Apples, peaches, pears and plums,
Please jump out when your birthday comes.
January, February, March, April, May,
June, July, August, September, October,
November, December? (Everyone starts inside the rope and each student jumps out when their birthday month is called.
Reverse it by saying chant again and each student jumps in when birthday month is called.)

Strawberry shortcake, blueberry pie,
Who's gonna be my lucky guy?
A-B-C-D...

(Repeat the letters of the alphabet until the skipper gets caught in the rope. If she gets caught on T, then, your "lucky guy's" name will start with T)

Engine, engine Number 9,
Going down the Chicago Line,
See it sparkle, see it shine,
Engine, engine Number 9.
If the train should jump the tracks,
Will I get my money back?
Yes, no, maybe so...
(Repeat rhyme)

I'm a little Dutch Girl
Dressed in blue,
And these are thing
I like to do:
Salute to the captain,
Bow to the queen,
And turn my back to the submarine.
(skippers can jump out at this point, but really good jumpers would continue with this:
"I can do a tap dance
I can do a split just like this!"

Teddy Bear, Teddy Bear, turn around
Teddy Bear, Teddy Bear, touch the ground.
Teddy Bear, Teddy Bear, show your shoe
Teddy Bear, Teddy Bear, that will do.
Teddy Bear, Teddy Bear, go upstairs
Teddy Bear, Teddy Bear, say your prayers.
Teddy Bear, Teddy Bear, turn out the light
Teddy Bear, Teddy bear, say good night.

everyday fun **A History of Children's Play** Brian Sutton-Smith,2016-11-11 New Zealand children from 1840 to 1890 were subjected to an unusual combination of agrarian existence and an industrial social philosophy in the newly formed schools When schools became more universal in the expanding industrial society a new emphasis on the control of children developed and from 1920 onward adult supervision in the form of heavily organized sports and playgrounds encroached more and more on the untrammeled freedom of the rural environment Returning to his home country of New Zealand Brian Sutton Smith documents the relationship between children s play and the actual process of history Drawing on interviews with hundreds of informants from every province and school district of New Zealand the author illuminates for the first time the various social cultural historical and psychological context in which children s play occurs He treats both formal and informal play as well as the play of both boys and girls [Buying the Wind](#) Richard M. Changing Play: Play, Media and Commercial Culture from the 1950s to the Present Day Jackie Marsh,Julia Bishop,2013-10-16 This book explores changes in the nature of the relationship between play media and commercial culture through a comparison of play in the 1950s 60s and the present day examining the continuities and discontinuities in play over time There are many aspects of play which remain the same today as they were sixty years ago which relate to the purposes of play the way in

which children weave in material from a range of sources in their play including media and how they play with each other Differences in play between now and the mid twentieth century are due to the very different social and cultural worlds

children now inhabit in which technology is central to many play activities Challenging deficit notions of play in contemporary society and providing evidence to contest the recurrent myth of the disappearance of play the book Provides an historical account of changes in the relationship between play media and commercial culture over the past sixty years Offers fascinating illuminating and direct accounts of children playing in the 1950s 60s and today Engages with the work of the renowned folklorists Iona and Peter Opie and reviews their legacy Addresses key issues such as outdoor play technology and play and gender and play Changing Play recovers the groundbreaking work of Iona and Peter Opie making it relevant

and consequential for the contemporary study of children play and media cultures Marsh and Bishop convincingly demonstrate how children s play practices when approached on their own terms exhibit a persistent dynamism that cannot and should not be reduced to simple exclamations of panic or celebration Daniel Thomas Cook Department of Childhood Studies Rutgers University USA Using the work of Iona and Peter Opie as a benchmark Changing Play tracks the continuities in children s play and the changes that have taken place over the past half century The research juxtaposes the memories of children who grew up in the 1950s and 1960s with observations of and conversations with today s children in Sheffield and London in doing so it allays much of the current anxiety about consumption and the media Timely and topical Changing Play will find its place alongside the Opies classic volumes Hugh Cunningham University of Kent UKAuthor of *The Invention of Childhood* This important new text challenges the prevailing view that children s play has been contaminated by access to digital technologies In exploring accounts of children s play from the 1950s and 60s to the present day against the backdrop of rapid changes within media and commercial markets the authors skillfully reveal the particular ways in which children s play has changed and stayed the same In so doing they invite the reader to reject romantic notions of lost childhoods and embrace the realities and richness of children s play in the 21st century I highly recommend this book Professor Trisha Maynard Director Research Centre for Children Families and Communities Canterbury Christ Church University UK
