Erdman,1981 Essays *A Few Things I've Noticed* Madora Kibbe,2004-04 Our children go to a progressive school which I m beginning to think means a school that will progressively drive their parents out of their minds All of the essays in *A Few Things I ve Noticed* have one thing in common Madora Kibbe s humorous slant on modern family life Whether it s the momentous purchase of a first pet the pros and cons of children s piano recitals the irksome lack of desks in today s elementary schools or just the simple pleasure of hanging clothes to dry on a clothes line Madora Kibbe finds fun in the smallest details of every day doings These essays are short and to the point a Polaroid picture of the way we are or should be A mostly flattering picture too No red eyes or goony grins See if you recognize anyone you know in this written collection of snapshots *The Road Less Taken* Kathryn Bertine,2014-09-01 In *The Road Less Taken* Kathryn Bertine takes readers through her journey of striving to become a professional cyclist in her mid 30s Her essays explore the twists and turns on life s unexpected roads via bicycle but also the larger meaning of what it means to heed one s inner compass and search for a personal true north With her signature wit and humor Bertine s essays travel far beyond the bike lane resonating with anyone who has ever dared to try and turn their dreams into a reality *Troublemakers in Trousers* Sarah Albee,2022-10-25 Meet twenty one women throughout history who broke fashion and norms to do something groundbreaking in this unique middle grade collection that celebrates trailblazers and troublemakers Girls and women have historically been denied access to work been blocked from the arts refused the opportunity to lead and fight and much more simply because of their gender From Hatshepsut to Joan of Arc to Frida Kahlo *Troublemakers in Trousers* highlights twenty one women who for different reasons wore men s clothing pretended to be men and broke the rules in order to do something they wanted or needed to do The perfect modern day introduction to women throughout history who broke boundaries and pushed the limits set by society **Yes Ma'am** Bobbi Matthews,2000-09-19 Americans shop till they drop yet most have little idea what s really involved behind the scenes YES MA AM THE TRUTH ABOUT RETAIL AN ASSOCIATE S POINT OF VIEW is filled with hilarious scenarios depicting unexpected surprises the associate faces throughout the day Real life anecdotes recount everything from customer complaints to customer thefts One such incident tells the story of a customer who was caught stealing she was

overheard informing her husband on the phone Honey I ll be home a little late YES MA AM comes straight from not only the sales floor but also the stock room the fitting room and even the restroom It s imperative that you know how to use a plunger if you want to succeed in retail With these and many other challenges and predicaments the associate is encouraged to agree that the best way to get through the day is to focus on the humor in any and every situation **Planet Middle School** Nikki Grimes,2011-09-13 New York Times bestselling author of One Last Word and Coretta Scott King award winning Bronx Masquerade Nikki Grimes offers fresh novel in verse story about young heartbreak and hope For twelve years Joylin Johnson s life has been just fine A game of basketball with the boys especially her friend Jake was all it took to put a smile on her face Baggy jeans T shirt and hair in a ponytail were easy choices Then everything suddenly seemed to change all at once Her best girl friend is now flirting with her best guy friend Her clothes seem all wrong Jake is acting weird and basketball isn t the same And worst of all there is this guy Santiago who appears from where What lengths will Joy go to and who will she become to attract his attention In short poems that perfectly capture the crazy feelings of adolescence and first crushes award winning author Nikki Grimes has crafted a delightful often hilarious heart tugging story From Safety to Safely Erik Hollnagel,2025-06-30 The conventional interpretation of safety known as Safety I denotes a condition where as little as possible goes wrong and the focus of practical efforts in management or analysis is on the occurrence of unacceptable outcomes and on how to reduce their number to an acceptable level ideally zero The emphasis is therefore on how to manage safety as such as seen in the ubiquitous safety management systems SMS As Professor James Reason astutely points out this raises the interesting question of how it is possible to learn about something let alone manage it if it is studied only in situations in which it is absent The solution proposed by and described in this book is to stop using safety as a noun and instead use it as an adverb safely Now often referred to as Safety II this solution is the logical consequence of resilience engineering and will require new methods several of which already exist and have proved their worth in practice for years The question ceases being what to manage and becomes how to manage Managing safety is protective hence a non productive cost which at best avoids a loss Conversely managing safely is productive and can generate revenue in addition to preventing or avoiding losses aviation and mining are prime examples From Safety to Safely provides a practical perspective on managing safely illustrating a practical form of synesis It offers a new understanding of safety combining concerns for productivity and safety rather than juxtaposing them and it shows how to manage complex industrial and social systems in the spirit of resilience engineering and synesis It is the first book to completely dispense with the loaded term safety while offering a practical and viable alternative Spoiler alert this book does not mention or analyse any celebrated accidents This book is for all middle and senior managers board members and independent consultants seeking to ensure safe revenue generating operations The Mystery at the Crystal Palace Carolyn Keene,2013-01-08 Nancy has come to Minneapolis in the dead of winter to investigate a robbery An old friend Alison MacDonald has inherited from her uncle the Crystal Palace a

state of the art skating arena But a large portion of the money he also left her has disappeared and if Nancy doesn't find it Alison will lose the Palace

Reasons without Persons Brian Hedden, 2015-06-18 Brian Hedden defends a radical view about the relationship between rationality personal identity and time On the standard view personal identity over time plays

a central role in thinking about rationality This is because on the standard view there are rational norms for how a person's attitudes and actions at one time should fit with her attitudes and actions at other times norms that apply within a person but not across persons But these norms are problematic They make what you rationally ought to believe or do depend on facts about your past that aren't part of your current perspective on the world and they make rationality depend on controversial murky metaphysical facts about what binds different instantaneous snapshots or time slices into a single person extended in time Hedden takes a different approach treating the relationship between different time slices of the same person as no different from the relationship between different people For purposes of rational evaluation a temporally extended person is akin to a group of people The locus of rationality is the time slice rather than the temporally extended agent Taking an impersonal time slice centric approach to rationality yields a unified approach to the rationality of beliefs preferences and actions where what rationality demands of you is solely determined by your evidence with no special weight given to your past beliefs or actions

The New York Times Magazine ,1986 Travelling in Different Skins Dúnlaith Bird,2012-07-05 Dúnlaith Bird argues that vagabondage a physical and textual elaboration of gender identity in motion emerges as a totemic concept in European women's travel writing from 1850 For travellers including Olympe Audouard Isabella Bird Isabelle Eberhardt and Freya Stark vagabondage is a means of pushing out the physical geographical and textual parameters by which women are defined Travelling in Different Skins explores the negotiations of European women travel writers from 1850 1950 within the traditionally male oriented discourses of colonialism and Orientalism Moving from historical overview to close textual reading it traces a complex web of tacit collusion and gleeful defiance These women improvise access to the highly gendered imaginative geography of the Orient Tactics including cross dressing commerciality and the effacement of their male companions are used to carve out a space for their unconventional and often sexually hybrid constructions Using a composite theoretical basis of the later critical work

of Judith Butler and Edward Said this comparative study of British and French colonial empires and gender norms draws out the nuances in these travellers constructions of gender identity Women travel writers are shown to play an important role in the legacy of sexual experimentation and self creation in the Orient traditionally associated with male writers including Gide and Pierre Loti and now ripe for critical re evaluation This study demonstrates how these women use lived experiences of restriction and negotiation to elaborate advanced theories of motion and gender construction presaging the concerns of twenty first century feminism and post colonialism
