Richard Wall Memorial Award Theatre Library Association Beginning in the 1920s audiences around the globe were seduced not only by Hollywood films but also by lavish movie theaters that were owned and operated by the major American film companies These theaters aimed to provide a quintessentially American experience Outfitted with American technology and accoutrements they allowed local audiences to watch American films in an American owned cinema in a distinctly American way In a history that stretches from Buenos Aires and Tokyo to Johannesburg and Cairo Ross Melnick considers these movie houses as cultural embassies He examines how the exhibition of Hollywood films became a constant flow of political and consumerist messaging selling American ideas products and power especially during fractious eras Melnick demonstrates that while Hollywood s marketing of luxury and consumption often struck a chord with local audiences it was also frequently tone deaf to new social cultural racial and political movements He argues that the story of Hollywood s global cinemas is not a simple narrative of cultural and industrial indoctrination and colonization Instead it is one of negotiation booms and busts successes and failures adoptions and rejections and a precursor to later conflicts over the spread of American consumer culture A truly global account Hollywood s Embassies shows how the entanglement of worldwide movie theaters with American empire offers a new way of understanding film history and the history of U S soft power

Horne,2022-02-24 A taut narrative in elegant prose Horne has unearthed a vitally important and mostly forgotten aspect of Hollywood and labor history Publishers Weekly As World War II wound down in 1945 and the cold war heated up the skilled trades that made up the Conference of Studio Unions CSU began a tumultuous strike at the major Hollywood studios This turmoil escalated further when the studios retaliated by locking out CSU in 1946 This labor unrest unleashed a fury of Red baiting that allowed studio moguls to crush the union and seize control of the production process with far reaching consequences This engrossing book probes the motives and actions of all the players to reveal the full story of the CSU strike

and the resulting lockout of 1946 Gerald Horne draws extensively on primary materials and oral histories to document how limited a threat the Communist party actually posed in Hollywood even as studio moguls successfully used the Red scare to undermine union clout prevent film stars from supporting labor and prove the moguls own patriotism Horne also discloses that unnoticed amid the turmoil organized crime entrenched itself in management and labor gaining considerable control over both the product and the profits of Hollywood This research demonstrates that the CSU strike and lockout were a pivotal moment in Hollywood history with consequences for everything from production values to the kinds of stories told in films to permanent shifts in the centers of power

The Hollywood Book of Breakups James Robert Parish,2010-12-20 Half of all marriages end in divorce and then there are the really unhappy ones Joan Rivers Do you suppose that the person who first said Life is stranger than fiction might have had Hollywood marriages in mind Why watch a romantic film starring a leading man and a leading lady when their real life romances are so much more interesting It seems that a celebrity s latest film can have a considerably longer life span in the theater than his or her marriage du jour One would almost think that Tinseltown has come to embrace divorce as an accepted pastime Some celebrities have seemingly collected spouses over the years systematically adding notches in their belts of divorces Cases in point Zsa Zsa Gabor nine Lana Turner eight Elizabeth Taylor nine and Mickey Rooney eight This list appears to make Jennifer Lopez a mere novice with only three marriages two divorces and one terminated engagement to date In The Hollywood Book of Breakups James Robert Parish looks at scores of hot Hollywood romances that eventually fell apart From the decade long union of Tom Cruise and Nicole Kidman to the just for show nuptials of Rock Hudson and Phyllis Gates to the four and a half year marriage of Brad Pitt and Jennifer Aniston to the other woman divorce of Debbie Reynolds and Eddie Fisher Parish covers it all from the burning embers to the fizzling fires of Hollywood breakups You couldn t make this stuff up and James Robert Parish doesn t need to Hollywood writes its own drama when it comes to scandalous breakups
