The Skunk Railroad Spencer Crump,1971 **The Skunk Railroad** Spencer Crump,1975 **Redwoods, Iron Horses, and the Pacific** Spencer Crump,1963 The California Western Railroad CWR extends from the Pacific Coast at Fort Bragg to the redwoods to Willits It began as a logging line but is known for the rail buses nicknamed Skunks This book details the history of the CWR and acquisition of the initial Skunk rail bus **The California Western "Skunk" Railroad** Spencer Crump,1992 **California Tourism Industry** Economics Research Associates,1967 **Scouting** ,2000-01 Published by the Boy Scouts of America for all BSA registered adult volunteers and professionals Scouting magazine offers editorial content that is a mixture of information instruction and inspiration designed to strengthen readers abilities to better perform their leadership roles in Scouting and also to assist them as parents in strengthening families **Grandpa, What's a Super Skunk?** Marcia Douglas,2022-01-05 Across our country there are numerous historic steam railroads that transport passengers through beautiful landscapes and stunning vistas The steam railroad in my town Ft Bragg CA is no exception Built in the late 1800 s to carry lumber from the coast mainly to other parts of California the railroad has transformed into a visitor attraction in the region appealing to people all over the world What started as three small diesel rail buses called Skunks because you could smell em before you could see em has now been replaced with a classic steam engine historically preserved and fully functional Over 70 000 tourists come every year to enjoy the curvy scenic ride through the mighty redwood trees over creaking wooden trestles and through dark hand dug tunnels This book is told by a grandpa to his grandson relating his own personal experiences as its conductor engineer and brakeman how the story unfolded and became a reality *The California Western "Skunk" Railroad* Spencer Crump,1998 *Logging Railroads of Humboldt and Mendocino Counties* Katy M. Tahja,2013 Locomotive steam whistles echo no more in the forests of the north California coast A century ago Humboldt and Mendocino Counties had more than 40 railroads bringing logs out of the forest to mills at the water s edge Only one single railroad ever connected to the outside world and it too is gone One railroad survives as the Skunk Train in Mendocino County and it carries tourists today instead of lumber Redwood and tan oak bark were the two products moved by rail and very little else was hauled other than lumberjacks and an occasional picnic excursion for loggers families Economic depressions and the advent of trucking saw railroads vanish like a puff of steam from the landscape
