Brian A. Shaer,2022-08-03 Some periods of history contain so many compounded disasters they seem to be inspired by disaster movies In the early 2020s the Covid 19 pandemic upended the world and thrust populations into a state of uncertainty and fear as seen in movies like Outbreak The Towering Inferno or Armageddon Birthed from the author s original research on disaster movies this book argues that the life cycle of Covid closely parallels various apocalyptic films from the personas of the main players to the strike of the cataclysm itself To view the Covid pandemic through the language of disaster movies the book identifies those that mirror predict each stage of the Covid pandemic analyzing the similarities between the films and real life events A filmography of the featured disaster movies concludes the book *American Disaster Movies of the 1970s* Scott Freer,2023-10-19 American Disaster Movies of the 1970s is the first scholarly book dedicated to the disaster cycle that dominated American cinema and television in the 1970s Through examining films such as Airport 1970 The Poseidon Adventure 1972 Two Minute Warning 1976 and The Swarm 1978 alongside their historical contexts and American contemporaneous trends the disaster cycle is treated as a time bound phenomenon This book further contextualises the cycle by drawing on the longer cultural history of modernist reactions to modern anxieties including the widespread dependence on technology and corporate power Each chapter considers cinematic precursors such as the ark movie and contemporaneous trends such as New Hollywood vigilante and blaxploitation films as well as the immediate American context the end of the civil rights and countercultural era the Watergate crisis and the defeat in Vietnam As Scott Freer argues the disaster movie is a modern demotic form of tragedy that satisfies a taste for the macabre It is also an aesthetic means for processing painful truths and many of the dramatized themes anticipate present day monstrosities of modernity Meatmen Winston Leyland,1986 **Science-fiction** Everett Franklin Bleiler,Richard Bleiler,1998 Complementing Science Fiction The Early Years which surveys science fiction published in book form from its beginnings through 1930 the present volume covers all the science fiction printed in the genre magazines Amazing Astounding and Wonder along with offshoots and minor magazines from 1926 through 1936 This is the first time this historically important literary phenomenon which stands behind the enormous modern development of science fiction has been studied thoroughly and accurately The heart of the book is a series of descriptions of all 1 835 stories published during this period plus bibliographic information Supplementing this are many useful features detailed histories of each of the magazines an issue by issue roster of contents a technical analysis of the art work brief authors biographies poetry and letter indexes a theme and motif index of approximately 30 000 entries and general indexes Science Fiction The Gernsback Years is not only indispensable for reference librarians collectors readers and scholars interested in science fiction it is also of importance to the study of popular culture during the Great Depression in the United States Most of its data which are largely based on rare and almost
