Chalfant,2002-10-01 In July 1857 the first major battle between the U S Army and the Cheyenne Indians took place in present day northwest Kansas The Cheyennes had formed a grand line of battle such as was never again seen in Plains Indians wars But they had not seen sabres before and when the cavalry charged sabres drawn they panicked William Y Chalfant re creates the human dimensions of a battle that was as much a clash of cultures as it was a clash of the U S cavalry and Cheyenne warriors      The Complete Directory of Large Print Books & Serials ,1994      *The Buffalo Soldiers* Debra J. leaders could prevent raids thievery and violence when the two groups met In addition to U S territorial expansion and the belligerence of racist pioneers Nichols cites a variety of factors that led to individual wars cultural differences border disputes conflicts between and within tribes the actions of white traders and local politicians the government s failure to prevent or punish anti Indian violence and Native determination to retain their lands traditional culture and tribal independence The conflicts examined here Nichols argues need to be considered as wars of U S aggression a central feature of that nation s expansion across the continent that brought newcomers into areas occupied by highly militarized Native communities ready and able to defend themselves and attack their enemies Continental Reckoning Elliott West,2023-02 Elliott West lays out the main events and developments that together describe and explain the emergence of the American West and situates the birth of the West in the broader narrative of American history between 1848 and 1880
