*The Preacher Remembers* Franklin Owen, 1985      *Index to Book Reviews in Religion*, 1988      *Saint Dominic and the Order of Preachers* Reverend J. B. O'Connor, Aeterna Press, 2015-09-01 Any sketch of the mission organization and history of the Dominican Order which did not contain an adequate study of its holy founder would be much like the play of Hamlet with the Dane left out For it is from its founder that every order gets its own genuine and authentic spirit temper fibre character individuality ethos or whatever other name may be chosen to designate the marks that distinguish and set off apart and alone one religious institute from every other If then no two orders are alike in spirit and organization it is for the very simple reason that no two individuals are quite the same in temperament and ideals Aeterna Press      **Remembering the Crusades and Crusading** Megan Cassidy-Welch, 2016-11-03 Remembering the Crusades and Crusading examines the diverse contexts in which crusading was memorialised and commemorated in the medieval world and beyond The collection not only shows how the crusades were commemorated in the twelfth and thirteenth centuries but also considers the longer term remembrance of the crusades into the modern era This collection is divided into three sections the first of which deals with the textual material and visual sources used to remember Each contributor introduces a particular body of source material and presents case studies using those sources in their own research The second section contains four chapters examining specific communities active in commemorating the crusades including religious communities family groups and royal courts Finally the third section examines the cultural memory of crusading in the Byzantine Iberian and Baltic regions beyond the early years as well as the trajectory of crusading memory in the Muslim Middle East This book draws together and extends the current debates in the history of the crusades and the history of memory and in so doing offers a fresh synthesis of material in both fields It will be essential reading for students of the crusades and memory      *Preaching Types & Metaphors (Keach)* Benjamin Keach, Introduction by Herbert W Lockyer An exhaustive analysis of the significance of each type and metaphor and the practical application they offer us today      **Poets, Players, and Preachers** Anne James, 2016-01-01 On the night of November 4th 1605 the English authorities uncovered an alleged plot by a group of discontented Catholics to blow up the Houses of Parliament with the lords princes queen and king in attendance The failure of the plot is celebrated to this day and is known as Guy Fawkes Day In Poets Players and Preachers Anne James explores the literary responses to the discovery of the Gunpowder Plot in poetry drama and sermons This book is the first full length study of the literary repercussions of the conspiracy By analyzing the genres of poems plays and sermons produced between 1605 and 1688 the author argues that not only did the continuous reinterpretation of the conspiracy serve religious and political purposes but that such literary reinterpretations produced generic changes      **Postils for Preaching** John Rollefson, 2016-10-28 Postils for Preaching repristinates an old term for commentaries on the appointed texts by assisting preachers in their time honored calling of preaching the Word Post illa some think probably refers to the reflecting after this

meaning upon the texts that preachers must do in the context of the lives of their congregations and larger communities. These essays do not aim to be sermons but sermon starters, goads and incitements to consider the assigned texts with serious imagination and good humor all in the context of the church year and its intertextual connections. The intention of this publication is to dip into a lifetime of that exegetical and homiletical bag of tricks as Jesus himself obliquely recommended when he noted how every scribe who has been trained for the kingdom of heaven is like the master of a household who brings out of his treasure what is new and what is old. Matt 13:52. Please consider these postils a thesaurus, a treasury from which to borrow insights, references and allusions as needed and found of value. *The Preacher's Commentary - Vol. 31: Galatians / Ephesians / Philippians / Colossians / Philemon* Maxie D. Dunnam, 2003-07-22. Written BY Preachers and Teachers FOR Preachers and Teachers. Combining fresh insights with readable exposition and relatable examples. The Preacher's Commentary will help you minister to others and see their lives transformed through the power of God's Word. Whether preacher, teacher or Bible study leader, if you're a communicator, The Preacher's Commentary will help you share God's Word more effectively with others. This volume combining commentary on the shorter Pauline letters brings together cohesively the dynamic faith and life of apostle with special attention given to bridging the gap between the conflicts Paul faced as a world missionary with our own challenges and opportunities. Each volume is written by one of today's top scholars and includes innovative ideas for preaching and teaching God's Word. Vibrant paragraph by paragraph exposition. Impelling real life illustrations. Insightful and relevant contemporary application. An introduction which reveals the author's approach. A full outline of the biblical book being covered. Scripture passages using the New King James Version and explanations. The Preacher's Commentary offers pastors, teachers and Bible study leaders clear and compelling insights into the Bible that will equip them to understand, apply and teach the truth in God's Word.
