analysis methodologies and distant reading of book reviews recommendations and other digital traces of cultural distinction I develop a new model for literary culture in America today Through readings of the fiction and reception of Thomas Pynchon Toni Morrison David Foster Wallace and Junot Diaz this model outlines the fundamental requirements for contemporary literary fame My introduction outlines methodological tools I developed and situates them in the critical traditions of literary reception cultural sociology and media theory before describing the digital ecologies that have emerged around literature online and their value Chapter 1 explores the nature of literary fame through a case study of Thomas Pynchon whose carefully guarded anonymity and ironic distance from capitalism are reflected in the networks his readers construct around his long challenging books In stark contrast Toni Morrison the subject of Chapter 2 has succeeded critically and commercially tirelessly seeking out readers to form literary communities around her writing most prominently through her collaboration with Oprah s Book Club Chapter 3 considers David Foster Wallace and Junot Diaz and sets out a model for contemporary literary culture a reading society that demands new forms of authorial reflexivity to mirror the collaborative iterative nature of digital literary conversations I conclude with a brief consideration of the exciting prospects and challenges for fiction in a world that reads more than ever but is growing disaffected with the material realities of literary production

Gambone traveled the length and breadth of the United States talking candidly with LGBTQ people about their lives. In addition to interviews from David Sedaris, George Takei, Barney Frank, and Tammy Baldwin, *Travels in a Gay Nation* brings us lesser-known voices: a retired Naval officer, a transgender scholar, and drag king; a Princeton philosopher, two opera sopranos who happen to be lovers, an indie rock musician, the founder of a gay frat house, and a pair of Vermont garden designers. In this age when contemporary gay America is still coming under attack, Gambone captures the humanity of each individual. For some, their identity as a sexual minority is crucial to their life's work; for others, it has been less so, perhaps even irrelevant. But whether splashy or quiet, center stage or behind the scenes, Gambone's subjects have managed, despite facing ignorance, fear, hatred, intolerance, injustice, violence, ridicule, or just plain indifference, to construct passionate, inspiring lives.
