Life in Schools and Classrooms Rupert Maclean, 2017-05-04 This book discusses key aspects of life in schools and classrooms and surveys the changes that have occurred over the years in educational research policy making and practice in these school and classroom settings It not only examines cutting edge research in these areas but also showcases good practices in the field Among the topics reviewed are recent developments in assessment methods for collecting and analysing data on classroom practice school leadership and the pros and cons of class size and small class teaching topics which are currently hotly debated in education systems around the globe As such the book objectively examines the various debates and surveys the full range of evidence available Education researchers policy makers and practitioners often hold differing views about the reasons for teacher and student behaviour in classrooms and for example its relevance to class size Many of these views are based on gut feelings rather than hard evidence Unfortunately these three groups with differing perspectives often talk past each other rather than engage in a productive mutually beneficial dialogue The book builds an effective bridge between researchers policy makers and practitioners regarding the impact of these various aspects of classroom life so that the viewpoints of each can be carefully considered and evaluated

Reconstructing the Common Good in Education Larry Cuban, Dorothy Shipps, 2000 What constitutes the common good in American public education This volume explores the ongoing debate between those who

expect schools to cultivate citizens through personal moral and social development as well as to bind diverse groups into one nation and a new generation of school reformers intent on using schools to solve the nation's economic problems by equipping students with marketable skills

Communicating Effectively Michael B. Gilbert, 2012-12-03 Communicating Effectively Tools for Educational Leaders second edition provides a unique perspective for aspiring and practicing educational leaders to expand their problem solving and conflict resolution strategies Starting with an exploration of listening problems and solutions this book evolves into an examination of how people perceive reality what motivates them and what happens when their needs are not met The concepts of Process Communication developed by clinical psychologist Taibi Kahler through his background in transactional analysis provide the basis for the techniques from which educational leaders might choose Communicating Effectively suggests new ways to understand the people with whom we interact first by listening and then by understanding what our perceptions channels and motivation Likewise Michael Gilbert presents examples of problems and positive suggestions to intervene when communication is not effective

Accountability, Assessment, and Teacher Commitment Betty Lou Whitford, Ken Jones, 2000-01-06 This book provides the basis for thoughtful reflection and discussion of school accountability by critically examining Kentucky's groundbreaking educational reform strategy of statewide student assessment and teacher accountability

Small Town ,1992 **Saying It Right** Michael B. Gilbert, 2020-03-06 Saying it Right deals with the techniques and processes necessary to transmit and understand messages from people inside and outside of organizations It looks at problems that can impede communication and outlines methods for understanding others Important in this understanding are how people perceive the world what they need to motivate them what channels they prefer and the predictable patterns of distress they exhibit when they do not get their needs met positively
