Alessandra Russo,2024-02-27 We tend to think of sixteenth century European artistic theory as separate from the artworks displayed in the non European sections of museums Alessandra Russo argues otherwise Instead of considering the European experience of New World artifacts and materials through the lenses of curiosity and exoticism Russo asks a different question What impact have these works had on the way we currently think about and theorize the arts Centering her study on a vast corpus of early modern textual and visual sources Russo contends that the subtlety and inventiveness of the myriad of American Asian and African creations that were pillaged exchanged and often eventually destroyed in the context of Iberian colonization including sculpture painting metalwork mosaic carving architecture and masonry actually challenged and revolutionized sixteenth century European definitions of what art is and what it means to be human In this way artifacts coming from outside Europe between 1400 and 1600 played a definitive role in what are considered distinctively European transformations the redefinition of the frontier between the mechanical and the liberal arts and a new conception of the figure of the artist Original and convincing *A New Antiquity* is a pathbreaking study that disrupts existing conceptions of

Embracing Trust Joanna Weaver, 2022-08-16 *Trusting God* It's such a cliché Yet nothing means more to our heavenly Father than when we surrender our lives completely to him and choose to believe he has our best in mind David modeled that kind of deliberate dependence as a shepherd boy as a man running for his life as a king who made grave mistakes In both triumph and failure David looked to God rather than to himself In *Embracing Trust* Joanna Weaver bestselling author of the runaway hit *Having a Mary Heart* in a *Martha World* shares personal stories practical tips and life changing principles gleaned from Scripture If you struggle with disappointment from the past frustration with the present or fear of the future

Joanna invites you to trust in the Lord with all your heart Relinquishing control and putting your hope in a forever faithful Father that s the beautiful secret of unshakeable faith Includes a 10 week companion Bible study *Reforming a Theology of Gender* Daniel R. Patterson,2022-08-11 Judith Butler and conservative Christian theology are often perceived to be antithetical on questions of gender In *Reforming a Theology of Gender* they are shown to be strange bedfellows By engaging in dialogue with Butler on her terms desire violence and life this book absorbs the heart of Butler s critique revealing a righteous law and a seductive image in conservative theologies of gender The law of Adam and Eve manifests in the unjust administration of guilt grief and death By confronting this law which in fact condemns all in their bodies further reflection on Butler s thought leads to thinking about where one finds life in one s body of death The seductive image of Adam and Eve is revealed to be a false hope and a site that induces slave morality or body works based righteousness Butler s voice is strangely prophetic because it calls the church to offer hope and life by reorienting its gaze from the beautiful yet lifeless bodies of Adam and Eve to the bloodied and scarred risen body of Jesus Christ Gender in the end is shown to be a vocation of becoming what one is not **Making Sense of "God"** Norman Solomon,2023-05-04 All over the world people talk about God and argue endlessly about what God said and what if anything we should do about it Do they know what are they talking about Do they ever seriously consider what it might look like or feel like if God actually spoke to you How could you tell if someone said God spoke to them whether they were deluded bluffing or high on drugs The reflections dialogues and arguments in this book address such questions often with humor sometimes provocatively as when the author suggests the ancient gods have returned to invade the institutions of our great religions or when two spirits William and James viewing the world from afar voice their doubt as to whether the human species will ever attain the pinnacles of cooperation reason beauty and love Ancient texts from the Mayan Popol Vuh through the Bible to the Chinese classics are invoked and the discoveries of modern science from anthropology to zoology are brought into play as the reader is gently led to an appreciation of the role of religious language in modern society *Readings in Eastern Religions* Harold G. Coward,Eva K. Neumaier-Dargyay,Ronald Neufeldt,1988-09-19 Developed principally for use in introductory courses in the study of religious traditions in the East this anthology offers a selection of readings from primary texts of India China and Japan The selections are arranged both chronologically and thematically within religious traditions and include readings from Hinduism Jainism Buddhism including Tibetan Buddhism Sikhism Early Chinese thought Confuciansim Taoism Mao Tse Tung Shintoism and Japan s new religions Tenrikyo and Sokka Gakkai Throughout the anthology an effort has been made to present more than the usual short excerpts As much as possible larger excerpts have been included to give students a better sense of significant developments within traditions As well doctrinal elements have been combined with story to make these traditions more than museum pieces for students
