## **Smetana The Master Musicians Series:**

Smetana , Smetana John Clapham,1972 The author has for many years interested himself in Czech music and is well known for his research on Dvorak He unravels the complex strands of the controversies to which Smetana s work gave rise and with the help of quotations from letters and documents presents a portrait of the man and a balanced assessment of his works He convincingly demonstrates that it is the operas that form the central core of Smetana s creative achievement Appendices include a complete catalogue of works and a select bibliography **Bedřich Smetana** Kelly St. Pierre,2017

Interpretations of Czech composer Bedich Smetana and his music have shifted as frequently as the political contexts in which they were written This book examines not just Smetana but also the scholar politicians who have imagined and reimagined him and his works since the nineteenth century During the 1870s Smetana helped found a powerful nationalist organization called the Umeleck beseda Artistic Society or UB whose members produced the earliest scholarship on the composer as part of their calls for political action Within the increasingly radicalized discourses of the twentieth century individuals including future Minister of Culture and Education Zdenk Nejedl attacked the UB for not being nationalistic enough producing their own revisionist histories of Smetana and his works Kelly St Pierre investigates Smetana as both nationalist composer and national symbol revealing the composer s legacy as a dynamic figure whose mythology has been rewritten time and time again to suit changing political perspectives Kelly St Pierre is assistant professor of musicology at Wichita State University

Opera for Libraries Clyde T.
