months of air battles between August 20 1942 when the first Marine air unit arrived on the island and November 15 when the last enemy attempt to retake the island was defeated were perhaps the most important of the Pacific War Cactus the code name for the island became a sinkhole for Japanese air and naval power as they experienced losses that could never be made good For 40 years the late Eric Hammel interviewed more than 150 American participants in the air campaign at Guadalcanal none of whom are still alive These interviews are the most comprehensive first person accounts of the battle assembled by any historian More importantly they involved the junior officers and enlisted men whose stories and memories were not part of the official history and thus provide a unique insight In The Cactus Air Force Pacific War expert Thomas McKelvey Cleaver worked closely with Eric to build on his collection of diary entries interviews and first hand accounts to create a vivid narrative of the struggle in the air over the island of Guadalcanal between August 20 and November 15 1942

The Diary of an Anarchist's Apprentice Ian M. Gilroy, 2022-05-15 I spent most of the 70 s living by definition as a part time student in the UK I was more intoxicated by the school of life rather than the tedious dedication to the university lecture hall This preoccupation took me by way of Newcastle via London to of all places Plymouth Devon I have managed to take myself back to this period using music as an astral time machine Every memory has a soundtrack and Classic Rock of this era was a driving force encompassing much of the countercultures collective mindset It was a decade of reflection brought about by stagnation and conflict The Vietnam War The Cold War The IRA The PLO The Red Army Faction and let s face it by definition chaos It appeared armed insurrection was the modality chosen by some to effectuate change It was a time of high unemployment strikes and inflation the Irish question the political scandals where Britain teetered on the brink It was a period where I dropped out hoping by doing so my brief infatuation with borderline anarchy would allow me to live and enjoy life encapsulated in my own little world I found myself hunkering down with a small group of like minded scoundrels tipsy as we tottered somewhere between nihilistic intention and anarchistic intervention We decided the best way to deal with the uncertainty was to simply poke fun and hatch a prank or two all while we ignored the possibility of incarceration The aftermath usually led us to the closest pub where we would covertly hide behind the blur of excess and the ensuing laughter This was the gestation that gave birth to the Scilly Pranksters It is where Monty Python met National Lampoon s Animal House and the cast ended up partying with Cheech and Chong The jocular hilarity will allow the reader to meet and follow the exploits of the gang as we plotted or simply found ourselves in the wrong place at the wrong time The Diary of an Anarchist s Apprentice ravages mainstream society tackling its deficiencies in a parodistic way sprinkling just enough satire to keep the beat as we hitched rides through politics religion the drug culture the New Age the occult free love and the music explosion These memoirs capture a collection of 20 escapades etched in time as legend rather than myth or drug induced
