A List of Things You Never Knew Anonymous,2015-12 This book of poetry showcases real life events from the perspective of a young female author who chose to remain anonymous Topics such as family issues rape sexuality etc are explored in a uniquely raw way **Hand Guns, Concealed Carry, Gun Laws, Other Concerns, and Things You Should**

Know Hammond Satterfield,2013 My purpose and hope in writing this book about Handguns Concealed Carry and Legal Concerns is to impart to you knowledge to save you money An even more important goal is to save you potenti al heartache and most critical to encourage you to protect your life and that of your loved ones Why and how you ask First The Need The FBI reported In 2010 there was a burglary every 15 seconds One in fi ve women in a recent survey stated they had been a victi m of sexual assault When resisting a criminal assault an armed woman has a 400% better chance of escaping unharmed than an unarmed woman Question What s your plan Just trust in Blind Luck The Why To purchase an inappropriate hand gun

or two can cost hundreds of dollars To run afoul of the law that expense begins in the thousands of dollars To be unarmed and unprepared to confront a violent attacker that cost is incalculable Remember Lightning and violence have one thing in common they both strike somewhere The How There is no other single source one volume book covering handguns ammunition holsters maintenance safes safety legal concerns and miscreant misbehavior This book is an effort to fill that void If you are not certain that you need to know more open the book to page IX and take a quick assessment of your knowledge Thank you for giving me a look and don't forget You make your choice and you take your chances

Where's my dog? The search for honest leadership. David B. Watkins, 2013-04-15 What a bizarre title But it is interesting isn't it Doesn't it make you ask What could this be all about Well the truth is it's not about dogs at all it's about leadership and honesty Nevertheless dogs are a useful metaphor You see dogs are the closest thing we can find when searching for examples of uncompromising honesty Dishonesty is not part of their DNA In contrast the problem for many leaders today is that at some level most people lie This may seem like a provocative statement but it's true even though most of the time we do not even know we are doing it Some including many renowned psychologists would even say that at some level we need to lie to survive Do we In a world of business sports and political Watergates and scandals that has even culminated in Papal resignations against a background of vatileaks we seem to suffer from a paradoxical scenario We find ourselves contrasting the lack of honesty that brought down many of our business and sporting figures as exemplified by the likes of Madoff Lance Armstrong and Oscar Pistorius to name a few with the apparent total honesty of leaders such as the Dalai Lama Kofi Anan and even Richard Branson or Steve Jobs We all know that whilst some leaders command respect others do not Some leaders have willing followers whilst others are followed through coercion Some may lose their followers whilst others should never have any And some allow their egos to block trust whilst others are dealers in trust This book is therefore a journey into one of the hottest topics for leaders today honest leadership But this is not just another leadership book or simply a nice story It is about honest leaders changing the world Now that's a big claim But it's deserved because this book sniffs and scratches around the undergrowth searching for the real meaning of honesty and leadership and finishes up helping you uncover your own truth And with the aid of a remarkably simple idea the Eight Axioms of Honest Leadership this book will provide you with the tools and skills to enable you to identify train and maybe even tame your own leadership approach and help you to become a top dog
