Belinda Hernandez, 2016-03-12 In the book *I Am Someone Special* the author shares the story of her dysfunctional childhood her journey through the road of drug addiction and drug dealing and how she struggled to leave her dark past behind and move on to a new and better life Ms Hernandez did not experience the kind of childhood others enjoy by being adopted into a wealthy well off family She failed to receive the affection she wanted from her parents particularly from her adoptive mother The author was the youngest among seven children and the one who received the worst treatment from her alcoholic mother who was also addicted to drugs Her birthmother had stabbed her in the head when she was a nine month old baby After an incident that almost robbed the author of her life she was placed into an orphanage where her adoptive parents rescued her The authors adoptive family gave her the love she had long wanted along with everything she and her adopted brother and sister could ask for But despite it all Ms Hernandez became rebellious especially as a teenager Her rebellious teenage years eventually led her to the wrong path as she started using drugs and selling it as well She worked further into the drug business until she got caught and sentenced for a couple years in prison After serving her sentence the author strived to live a clean life and start anew With the help of her faith in God and the support of the man she loves she managed to reinvent herself into a better and strong person *I Am Someone Special* might appeal to a reader interested in stories that have changed the lives of individuals who recovered from drug addiction and made the decision to rebuild their lives away from drugs If you would like to get ahold of the author for questions or for advice contact her through

Can One Book Change The World Possibly One of the most often posed questions I receive from clients and readers is Why is there so much evil in the world Why is there so much violence and hate The answer is simple Because we've forgotten who we are and why we are here on this planet That answer may sound like the preface to some airy fairy metaphysical book but it's not Understanding who we are is essential to living a balanced life I am talking of course about the human soul Whether or not you choose to believe in a human soul this book offers insight into the same question Why is there so much violence in the world What I will share in this book is one of the deepest most basic and yet most important principles that I learned during my Seven Years of Surrender It was the beginning so to speak The beginning of understanding And the principles in this book should be the foundation from which we all seek to understand ourselves and others If you have read my book Seven Years of Surrender then you know that I had an endless amount of time to do nothing but meditate and ponder the mysteries of life I'm not suggesting that I have all the answers Life is a continuous state of evolution an unfoldment of wisdom and understanding We all evolve through life I am not perfect I am not infallible But my tragedy was not for nothing I was willing to plunge into the depths of life and come out with a better understanding of myself and the world around me I hope you will follow me through my book series and learn along with me as we grow together A World Without Color is a thought provoking book that is designed to cause a shift in consciousness It transcends race religion and borders with its world changing views It gets to the root of the issues that separate the people of the world and what separates us from true peace and happiness within ourselves Family Life Student Booklet Christian Pälchen, 2017-11-04

In the past seventy years the divorce rate even among Christians has reached an extreme high and the desire to have children and build a family is very low We as Christians have to do something The first goal of the various products and courses that I offer is to encourage unmarried young adults and youth to think about preparing for partnership marriage and parenting The preparation for partnership and building a strong family foundation is becoming increasingly important in Western societies Therefore a second goal is to give those who will work within the course material a good foundation of scientific insights and Biblical wisdom Finally a more prevalent goal is to expose you to not only the intellectual aspects of choosing a partner but more importantly the rich foundations of God's great idea of living as a couple and building a strong Godly family in this day and age I hope and pray that as time goes on many others will take a foundational course similar to the one offered here These Preparing for Partnership Manuals have been specially designed as a basis for discussing relational controversies within a safe context This Family Life Manual discusses the important topic of choosing a partner and having a stable family foundation Overall this content is designed very broadly and informally so that you no matter your positioning in life can feel comfortable to discuss your own ideas with others and then compare them with the contents of the course There is a
