Social Organization of Juvenile Justice Aaron Cicourel, 2017-07-28 The Social Organization of Juvenile Justice recasts familiar sociological problems of research within a dramatically new and different theoretical and methodological perspective In seeing law enforcement officers no less than those accused of criminal behavior as locked into the creation of history or more precisely a series of retrospective and prospective interpretations of events both within and disengaged from the social contexts relevant to what purportedly took place Aaron Cicourel redefined the fault lines of contemporary criminology The work makes imaginative use of a wide variety of new techniques of analysis from ethnomethodology to community studies while at no point ignoring basic hard statistical data in this study of juvenile justice in two California cities Cicourel states the purpose of his book with clarity The decision making activities that produce the social problem called delinquency and the socially organized procedures that provide for judicial outcomes are important because they highlight fundamental processes of how social order is possible This work challenges the conventional view that assumes delinquents are natural social types distributed in some ordered fashion and produced by a set of abstract internal or external pressures from the social structure Cicourel views the everyday organizational workings of the police probation departments courts and schools demonstrating how these agencies contribute to various kinds of transformations of the original events that led to law enforcement contact This contextual creation of facts in turn leads to improvised ad hoc interpretations of character structure family life and future prospects In this way the agencies may generate delinquency by their routine encounters with the young His new introduction discusses with great detail the methodology behind his research and responses to earlier critiques of his work

World Transformation Jawara D. King D. D., 2006-10-24 Human unconsciousness which is identification with thought activity human emotions and the thinking mind is the only source of ALL the evil on planet Earth All evil is the result of humanity living in darkness not knowing who they are in their essence beyond their earthly names and physical forms which cause them to identify with the world of materiality The only solution to the darkness of humanity is the light of consciousness which is disidentification from egoic mind structures going with the flow of life instead of fighting against it acceptance of what is and surrendered action As we continue to transform individually the entire world is transformed because in essence we are all ONE Each ONE affects the whole causing World Transformation through the concept of ONENESS by way of the ONE spiritual energetic force that moves through ALL beings All organized religions were created by men to condition the masses to think in a certain way or to point beyond religious belief structures to the Infinite the formless consciousness we call God Accepting organized religion as the absolute truth instead of relative truth is the foundation for division and the destruction of the planet Without the transformation of human consciousness humans will destroy themselves each other and the planet and are already doing so If humanity continues to blindly believe the media organized religion and all the conditioning tools of the powerful ruling Elite who run the world without doing their own research they will be destroyed through lack of knowledge World Transformation A Guide To Personal Growth And

Consciousness is a transformative book that discusses over 110 life changing topics to help spiritual seekers in their journeys in consciousness. Learn to be the awareness that is aware of and doesn't become all that you observe. World Transformation begins one person at a time. As you change the whole world changes because you are a part of the ONE Consciousness. Gandhi said be the change you want to see in the world. As you follow his advice you become a positive force in the world. One of the most important books of this generation. One of the most profound spiritual books ever written. Humanity will destroy themselves if they continue to blindly believe and follow the media, politicians and organized religion which are all used by the ruling Elite to control the masses. Most humans don't know what's going on because they allow entertainment, the media and other brainwashing tools to control their thinking. Mark Twain said in religion and politics people's beliefs and convictions are in almost every case gotten at second hand and without examination from authorities who have not themselves examined the questions at issue but have taken them at second hand from other non-examiners whose opinions about them were not worth a brass farthing. Social, religious and other forms of conditioning control the minds of humanity and will destroy them if they continue to accept ideals without analysis. It is a fact that none of the major religious figures of organized religion actually existed. Their historicity is an unverifiable opinion. Daniel Patrick Moynihan said everyone is entitled to their own opinion but not their own facts. The existence of all the Saviour Gods are questionable. Humanity only believes in them because of religious conditioning. Humanity as a whole has lost their identity in the world of materiality also known as the world of form or the world of things. To identify with something means to mistake a person, place or thing for who you are. The I AM before I AM a teacher, lawyer, doctor, student etc. Humans have confused millions of forms for their identity. Your invisible, indestructible, eternal, divine essence is consciousness. Common false identities humans mistake for who they are in essence are their jobs, cars, degrees, attractive spouse, belief systems, relationships, knowledge, physical appearance, education, clothes, jewelry, family history, brand names, social status, special ability, thoughts, residence, awards and achievements, race, religious or political affiliations, sports, music and MILLIONS of other things in the external world. Hello World, I am Jawara D King, the writer of writers and the light at the end of the tunnel. There is NOT ONE human being alive that will not benefit from reading my book. Thank you. Ask questions or speak with Jawara King at jawaraking@yahoo.com.
