Someones Death:

Can Death Be a Harm to the Person Who Dies? J. Li, 2013-03-14 It is with great pleasure that I write this preface for Or Li's book which addresses the venerable and vexing issues surrounding the problem of whether death can be a harm to the person who dies This problem is an ancient one which was raised long ago by the early Greek philosopher Epicurus who notoriously argued that death is at no time a harm to its victim because before death there is no harm and after death there is no victim Epicurus's conclusion is conspicuously at odds with our prereflective and in most cases our post reflective intuitions and numerous strategies have therefore been proposed to refute or avoid the Epicurean conclusion that death cannot be an evil after all How then are we to account for our intuition that death is not just an evil but perhaps the worst evil that may befall us This is the key issue that Or Li addresses Or Li's book explores various alternative approaches to the complex and difficult issues surrounding Epicurus's notorious argument and provides a defence of the intuitively plausible conclusion that death can indeed be a harm to the person who dies This challenge to Epicurus's claim that death is never a harm to the person who dies is developed by way of a detailed exploration of the issues raised not only by Epicurus but also by his many successors who have responded variously to the challenging issues which Epicurus raised Someone Died Now What? a Youth Pastor's Survival Guide Tom Morris, 2010-06-25 So you are a Youth Pastor or Youth Worker and someone dies It could be the grandparent or parent of a youth in your ministry Or it could be a youth in your youth who is killed in a terrible accident or it could be a student in a local high school or middle school How will you respond to help the families the individuals in your youth group or the youth in the local high school Could it be that God has put you in the situation for a divine purpose I think that is why you are reading this now I don't believe in accidents I'd venture to guess that there is a reason behind why you are reading this even now This is not the typical book for a youth pastor But this book is about real life problems that happen everyday and in some way affects many of the youth in your group and could be a way to come to know others deeply in a matter of hours *The Magic Pill for Death* Sukan Sethi, 2015-06-24 Death is fair to all and treats everyone alike At the time of Death nobody fails everybody passes away The moment you are born you have a death sentence upon you When Where and How are the only questions but you are on Death Row Your Death is confirmed isn't it Keep in mind that when we were born we weren't sent with a one way ticket A confirmed return ticket has been irrevocably issued at the time of birth We may know the time of coming and choose a desired place for the arrival but the details of the return trip is secretly locked away by the Universe Death is the final destination of the body not of the soul The Magic Pill for Death will not prevent you or others from dying but rather prepare you for it It will strengthen you through awareness to accept the inevitable and accept it with strength and dignity If you have lost a loved one If you have lost a beloved pet If you are facing Death or know somebody who is dying If someone you know has lost a loved one If you want to better understand the phenomena of Death Then look no further this book will help you Helping Adults With Mental Retardation Grieve A Death

Loss Charlene Luchterhand, Nancy E. Murphy, 2013-08-21 This guide for professionals to aid adults with mental retardation in dealing with grief provides information on the universal grief process addresses grief issues specific to the mentally retarded adult population and offers practical guidelines for interacting and providing support

Death and the Invisible Powers Simon Bockie, 1993 Bockie's description of Kongo culture is vivid beautifully clear and absolutely authentic as only a native could make it I don't know of anything of its kind that is both as good ethnographically and as readable Wyatt MacGaffey Simon Bockie has written an engaging often personal account of the views and behaviors surrounding death in his own society the Kongo of Lower Zaire northern Angola and the Congo Cahiers d'Etudes africaines excellent book of Kongo religious life and thought Religion It is a book that is remarkably well written both for its readability and for its explanatory value the book is a superb starting place for understanding Kongo religion and will work as an introduction to African religion in general as well International Journal of African Historical Studies an excellent introduction for anyone seeking to understand Kongo traditional culture and thought Oshun Rich in anecdote and case histories Death and the Invisible Powers is a personal account of the spiritual life of the Kongo people It describes the ancient traditions that nourish a culture whose name symbolizes the heart of Central Africa

The Dying Patient Orville Gilbert Brim, Sol Levine, Howard E. Freeman, 1980-10-31 Recommended for the provocative questions it raises concerning the effect on the patient of the structure of medical care concerning the important decisions regarding policy facing the medical profession the hospital administrator and the public and for the discussions of legal and economic dimensions which are frequently forgotten by personnel working directly with the patient Edmund C Payne Psychiatry in Medicine The fourteen original articles in *The Dying Patient* examine the problems of dying and medical conduct from the perspectives of sociology economics medicine and the law

Immortality and the Philosophy of Death Michael Cholbi, 2015-12-02 Death comes for us all eventually Philosophers have long been perplexed by how we ought to feel about death Many people fear death and believe that death is bad for the person who dies But is death bad for us and if so how is its badness best explained If we do not survive death if death is simply a state of nothingness how can death be bad for us If death is bad for us do we have good reason to live as long as possible Would an immortal life really be a good human life or would even an immortal life eventually become tedious and make us long for mortality This volume presents fourteen philosophical essays that examine our attitudes toward mortality and immortality The topics addressed have become more urgent as scientists attempt to extend the human lifespan perhaps even indefinitely This book invites the reader to critically appraise his or her own attitudes toward death and immortality by exploring the ethical metaphysical and psychological complexities associated with these issues

What Kind of Death Govert den Hartogh, 2022-10-31 Many books have been published about physician assisted death This book offers a comprehensive and in depth examination of that subject but it also extends the discussion to a broader range of end of life decisions including suicide palliative care and sedation until death In every jurisdiction that has laws permitting some kind of physician assisted death a central point of

controversy is whether such assistance should only be available to dying patients or to everyone who wants to end his life. The right to determine the manner and time of one's own death however does not necessarily mean that physicians should be permitted to cooperate in ensuring a quick and peaceful death. In this book Govert den Hartogh considers the fundamental and practical matters including concrete issues of legal regulation related to end of life decision making. He proposes a two-tiered system. Everyone should have access to humane means of ending his life if his decision to end it is voluntary, well-considered and durable. But doctors should only participate in a joint action of ending the patient's life on his request if they also are convinced of acting in the patient's best interests, in particular by ending intolerable and unrelievable suffering. And perhaps there is reason to restrict that second service to dying patients. The whole argument however depends on the extent to which in both tiers of the system we can design legal safeguards that will enable us to trust judgments about the requesting person's request and about his suffering. The book considers much new evidence in regard to this issue. What Kind of Death will appeal to researchers and advanced students working in bioethics, applied ethics, philosophy of law and health law.

African Traditions Meeting Islam Lawrence Odhiambo Oseje, 2018-12-31. In many communities across the world traditional beliefs and practices are passed down generations and are a feature of day to day life despite the influence of outside sources. Focusing on Luo Muslims in Kenya, Dr Lawrence Oseje looks at the interaction of Islam and traditional Luo practices, especially those around death and burial. Dr Oseje's research with Luo Muslims in Kendu Bay investigates the impact of the traditional Luo conceptualization of death with their current views and provides new understanding of fundamental issues that affect the lives of ordinary Muslims. From his observation of this community, Oseje encourages a celebration of traditions and customs, showing that an appreciation of traditions and beliefs can help develop ministry to local communities. Dr Oseje's findings result in a deepened understanding of cultures, how they develop from a blend of influences, and provides anthropological and missiological guidelines for cross-cultural ministry, particularly in times of bereavement.
