Song Of Faith And Hope The Life Of Frankie Muse Freeman:

A Song of Faith and Hope Frankie Muse Freeman, Candace O'Connor, 2003 Louis Housing Authority general counsel and lost her job amid bitter controversy stirred up by a commission hearing in St Louis County *At the Elbows of My Elders* Gail Milissa Grant, 2008 Decades before the beginning of the civil rights movement as most Americans recognize it black families across the U S were fighting the battle against discrimination Grant's father a lawyer and civil rights activist in St Louis in the 1950s was among the less well known resisters of segregation eventually working with more prominent figures from Thurgood Marshall to Ralph Bunche and A Phillip Randolph to fight racial inequities in St Louis Grant recalls a long line of family resisters middle class business owners who were always on the forefront of the racial divide challenging Jim Crow laws and practices while sustaining the social and economic underpinnings of the segregated black community Grant describes growing up with the gut wrenching unknowing of whether she would be welcomed in a store or business or turned away because of her race As barriers were broken Grant went on to a 20 year career in the foreign service with the U S Information Agency This is a fascinating look at the struggles of one black family that mirrored the national struggle for civil rights Copyright 2008 Booklist Reviews **Tales of Koehler Hollow** Naomi Hodge-Muse, Christopher A. Brooks, 2024-06-19 *Tales of Koehler Hollow* tells the story of Amy Finney and her descendants Amy a formerly enslaved Black woman gained her freedom and established a homestead in the Appalachian mountains during a time in American history when she was dehumanized for the color of her skin and devalued for being female Naomi Hodge Muse working with Christopher A Brooks recounts stories from her family history starting with her great great grandmother Amy through her parents aunts uncles and siblings and their rural life Their family story represents a microcosm of the African American experience in southern Virginia from the mid 19th century to the present along with the complications joys tragedies and sorrows that surrounded them **And Justice for All** Mary Frances Berry, 2009-01-20 This is the story of the U S Commission on Civil Rights through its extraordinary fifty years at the heart of the civil rights movement and the struggle for justice in America Mary Frances Berry the commission's chairperson for more than a decade author of *My Face Is Black Is True* An essential chapter in American history from a distinguished historian Nell Painter tells of the commission's founding in 1957 by President Eisenhower in response to burgeoning civil rights protests how it was designed to be an independent bipartisan Federal agency made up of six members with no more than three from one political party free of interference from Congress and presidents beholden to no government body with full subpoena power and free to decide what it would investigate and report on Berry writes that the commission rather than producing reports that would gather dust on the shelves began to hold hearings even as it was under attack from Southern segregationists She writes how the commission's hearings and reports helped the nonviolent protest movement prick the conscience of the nation then on the road to dismantling segregation beginning with the battles in Montgomery and Little Rock the sit ins and freedom rides the March on Washington We see

how reluctant government witnesses and local citizens overcame their fear of reprisal and courageously came forward to testify before the commission how the commission was instrumental in passing the Civil Rights Act of 1964 and the Voting Rights Act of 1965 how Congress soon added to the commission's jurisdiction the overseeing of discriminating practices with regard to sex age and disability which helped in the enactment of the Age Discrimination Act of 1978 and the Americans With Disabilities Act of 1990 Berry writes about how the commission's monitoring of police community relations and affirmative action was fought by various U S presidents chief among them Ronald Reagan and George W Bush each of whom fired commissioners who disagreed with their policies among them Dr Berry replacing them with commissioners who supported their ideological objectives and how these commissioners began to downplay the need to remedy discrimination ignoring reports of unequal access to health care and employment opportunities Finally Dr Berry's book makes clear what is needed for the future a reconfigured commission fully independent with an expanded mandate to help oversee all human rights and to make good the promise of democracy equal protection under the law regardless of race color sexual orientation religion disability or national origin

Gateway to Equality Keona K. Ervin, 2017-07-28 Like most of the nation during the 1930s St Louis Missouri was caught in the stifling grip of the Great Depression For the next thirty years the Gateway City continued to experience significant urban decline as its population swelled and the area's industries stagnated Over these decades many African American citizens in the region found themselves struggling financially and fighting for access to profitable jobs and suitable working conditions To combat ingrained racism crippling levels of poverty and sub standard living conditions black women worked together to form a community based culture of resistance fighting for employment a living wage dignity representation and political leadership Gateway to Equality investigates black working class women's struggle for economic justice from the rise of New Deal liberalism in the 1930s to the social upheavals of the 1960s Author Keona K Ervin explains that the conditions in twentieth century St Louis were uniquely conducive to the rise of this movement since the city's economy was based on light industries that employed women such as textiles and food processing As part of the Great Migration black women migrated to the city at a higher rate than their male counterparts and labor and black freedom movements relied less on a charismatic male leadership model This made it possible for women to emerge as visible and influential leaders in both formal and informal capacities In this impressive study Ervin presents a stunning account of the ways in which black working class women creatively fused racial and economic justice By illustrating that their politics played an important role in defining urban political agendas her work sheds light on an unexplored aspect of community activism and illuminates the complexities of the overlapping civil rights and labor movements during the first half of the twentieth century
