Song Of Songs In English Renaissance Literature

R. Smith

Song Of Songs In English Renaissance Literature:

The Song of Songs in English Renaissance Literature Noam Flinker, 2000 Treatment of and reference to the Song of Songs by a variety of authors including Spenser and Milton *The Song of Songs and Its Tradition in Renaissance Love Lyric* Camilla Caporicci, 2025-01-29 Traditionally attributed to King Solomon and called by Rabbi Akiva the Holy of Holies among sacred Scriptures Mishnah Yadayim 3 5 the Song of Songs is one of the most fascinating and controversial biblical books and played an essential role in the shaping of European spirituality and culture Combining in a unique way a sensual and deeply lyrical celebration of love with a well established tradition of Christian allegorical interpretation this text crucial to both the Middle Ages and the early modern period held a particular appeal for poets devoted not only to religious verse but also to love poetry The Song of Songs and Its Tradition in Renaissance Love Lyric is the first systematic and wide ranging investigation of the multifaceted use of the Song of Songs in Renaissance love lyric poetry with specific attention to Italian French and especially English poetic production At the same time this investigation is embedded into a narrative that comprising two initial chapters devoted to medieval poetry and to Francesco Petrarca represents an unprecedented attempt to trace the role of the Song of Songs in the rise and development of the European love lyric following its path or rather one of its paths from the medieval origins of this tradition to the end of the sixteenth century The picture of the general impact of the Song of Songs in the development of the European love lyric is combined with in depth analysis of key works by specific authors including Dante Alighieri Francesco Petrarca Torquato Tasso Marguerite de Navarre Anne de Marquets Cl ment Marot Richard Barnfield Edmund Spenser William Shakespeare John Donne Elizabeth Melville and Aemilia Lanyer promoting a contextualization of their significance within a new interpretative framework While the comparative standpoint characterizing this study fosters a deeper comprehension of the evolution of the European love lyric its multidisciplinary approach which considers the Song of Songs as the centre of a web of dynamics pertaining to the fields of literature philosophy theology and religious and cultural history contributes to the understanding of the thought and spirit of ages crucial to the shaping of European culture **Digressive Voices in Early Modern English Literature** Anne

Cotterill, 2004-02-19 Digressive Voices in Early Modern English Literature looks afresh at major nondramatic texts by Donne Marvell Browne Milton and Dryden whose digressive speakers are haunted by personal and public uncertainty To digress in seventeenth century England carried a range of meaning associated with deviation or departure from a course subject or standard This book demonstrates that early modern writers trained in verbal contest developed richly labyrinthine voices that captured the ambiguities of political occasion and aristocratic patronage while anatomizing enemies and mourning personal loss Anne Cotterill turns current sensitivity toward the silenced voice to argue that rhetorical amplitude might suggest anxieties about speech and attack for men forced to be competitive yet circumspect as they made their voices heard

The Salvation of Israel Jeremy Cohen, 2022-08-15 The Salvation of Israel investigates Christianity's eschatological Jew

the role and characteristics of the Jews at the end of days in the Christian imagination It explores the depth of Christian ambivalence regarding these Jews from Paul s Epistle to the Romans through late antiquity and the Middle Ages to the Puritans of the seventeenth century Jeremy Cohen contends that few aspects of a religion shed as much light on the character and the self understanding of its adherents as its expectations for the end of time Moreover eschatological beliefs express and mold an outlook toward nonbelievers situating them in an overall scheme of human history and conditioning interaction with them as that history unfolds Cohen s close readings of biblical commentary theological texts and Christian iconography reveal the dual role of the Jews of the last days For rejecting belief and salvation in Jesus Christ they have been linked to the false messiah the Antichrist the agent of Satan and the exemplary embodiment of evil Yet from its inception Christianity has also hinged its hopes for the second coming on the enlightenment and repentance of the Jews for then as Paul prophesized all Israel will be saved In its vast historical scope from the ancient Mediterranean world of early Christianity to seventeenth century England and New England *The Salvation of Israel* offers a nuanced and insightful assessment of Christian attitudes toward Jews rife with inconsistency and complexity thus contributing significantly to our understanding of Jewish Christian relations *Love and anti-Judaism in medieval English romance* Hope

Doherty-Harrison,2025-09-02 *Love and anti Judaism* is a new examination of medieval romance for the questions it poses of the most significant events in Christian history Providing new readings of Sir Gawain and the Green Knight Sir Orfeo Sir Gowther and Sir Amadace the book argues that romance explores depictions of love and the sacrifices it may necessitate in the Hebrew Bible especially where they do not easily fit into interpretations asserting that this history must prefigure Christ and the crucifixion An examination of anti Judaism as a discourse of violence and desire that could be turned inwardly to expose the irresolution in Christianity this book will provoke new investigations into the religious crises of medieval romance

Politics, Religion and the Song of Songs in Seventeenth-Century England E. Clarke,2011-02-15 *The Song of Songs* with its highly sexual imagery was very popular in seventeenth century England in commentary and paraphrase This book charts the fascination with the mystical marriage its implication in the various political conflicts of the seventeenth century and its appeal to seventeenth century writers particularly women *Edmund Spenser* Andrew Hadfield,2014 The first biography in sixty years of the most important non dramatic poet of the English Renaissance From publisher description

The Politics of the Female Voice in Early Stuart England Christina Luckyj,2022-03-03 This study illuminates the female voice as a means of signalling resistance to tyranny in early Stuart literature and discourse *Sonnets and the English Woman Writer, 1560-1621* R. Smith,2005-09-27 This study explores why women in the English Renaissance wrote so few sonnet sequences in comparison with the traditions of Continental women writers and of English male authors In this focus on a single genre Rosalind Smith examines the relationship between gender and genre in the early modern period and the critical assumptions currently underpinning questions of feminine agency within genre **Grace Overwhelming** Anne

Dunan-Page, 2006 *Religions and Discourse* explores religious language in the major world faiths from various viewpoints including semiotics pragmatics and cognitive linguistics and reflects on how it is situated within wider intellectual and cultural contexts In particular a key issue is the role of figurative speech Many fascinating metaphors originate in religion e g revelation as a garment apostasy as adultery loving kindness as the circumcision of the heart
