Lang,2013-10-18 This book examines the Arabic conflict resolution method known as sulha In this process notable male elders mediate conflicts between and within Arab communities A lengthy process of political jockeying culminates in a ceremony that peaks when enemies shake hands and publicly forgive the crimes of the other The reality of actual sulha deviates considerably from the ideal but both the official framework and the actual events point to a deep seated valorization of peace and reconciliation in Israeli Palestinian society *Report to the Right Hon. Lord Panmure, G.C.B., &c 1855-56* Great Britain. Sanitary Commission,1857 **Inescapable Desires** Christopher Rivers,2024-11-14 No one knows what to do about the mayhem and violence that has spread across the world Human beings are being killed every day at an alarming rate Each year we lose more of our fragile ecosystem as corporations of the world suck the planet dry of its natural resources without any consequences to the damage they are doing to our planet The human race has lost itself in search of its individualistic lifestyle while losing the cohesion of being a family unit The only way the world could reform itself was if another power greater than mankind forced them into change When a young woman is found raped and beaten to death at a backcountry shelter in Maine Kelly knew it was time for that change Kelly and his family were not normal human beings They were in fact the next step in human evolution The family was willing to risk their lives and the lives of everyone on the planet to force mankind to change their wild behavior Your thinking is everything It s who you are and most importantly it reflects on how you behave The entire world s population needed to change their thinking process The only problem is that mankind doesn t know how No one was aware that the Winston family or the organization they belonged to existed And when the federal government learns about them they won t know what to do with them But if the governments of the world really understood who the Winstons were They wouldn t take the chance of shooting them bombing them might work or better yet nuke the family instead The Winston s were all about change The family was ready to show the United States government and world powers they didn t have any other options Ready to force everyone on the planet to change their destructive behavior The group of five men and seven women were not taking no for an answer The fate of mankind hangs on the knowledge the family alone has The Winstons don t want to hurt anyone in the process of redeeming the world However they were ready to murder millions of lives to live in a utopia like world
