Skills for Managers and Leaders Gary A. Yukl, 1990 M CREATED *Performance Measurement and Management Control* Marc J. Epstein, Jean-Francois Manzoni, 2008-08-04 Presents a collection of research in management control and performance measurement This book offers guidance for both academic researchers and managers as they work toward improving organizations The SAGE Handbook of Industrial, Work & Organizational Psychology, 3v Deniz S Ones, Neil Anderson, Chockalingam Viswesvaran, Handan Kepir Sinangil, 2021-08-04 The second edition of this best selling Handbook presents a fully updated and expanded overview of research providing the latest perspectives on the analysis of theories techniques and methods used by industrial work and organizational psychologists Building on the strengths of the first edition key additions to this edition include in depth historical chapter overviews of professional contexts across the globe along with new chapters on strategic human resource management corporate social responsibility diversity stress emotions and mindfulness in the workplace environmental sustainability at work aging workforces among many others Providing a truly global approach and authoritative overview this three volume Handbook is an indispensable resource and essential reading for professionals researchers and students in the field Volume One Personnel Psychology and Employee Performance Volume Two Organizational Psychology Volume Three Managerial Psychology and Organizational Approaches *From Strategy to Change* Daniel James Rowley, Herbert Sherman, 2004-03-29 In *From Strategy to Change* the last in a series Daniel James Rowley comes full circle in defining his unique vision of the strategic planning process Written with Herbert Sherman *From Strategy to Change* shows how to take the next step after a strategic plan has been formulated The authors clearly show how to implement a strategic plan that will meet the myriad challenges of today's complex higher education environment and spell success for the academy It is amazing that while sports teams of colleges and universities meticulously plan their contests against their opponents their institutions administrators don't spend nearly enough time or effort in creating and implementing a strategy Institutions of higher education seem to be missing the requisite tools to develop and activate their play book With this new age of globally available real time information it becomes increasingly more essential to have a map to help go over and around obstacles avoid the ever present pitfalls and effectively aid in selecting the best route Rowley and Sherman provide such tools in this exciting and comprehensive new book I wish that when I was a department chair president of a faculty senate and dean that this superb work was available My function in planning would have been so much easier and more rewarding Barry R Armandi Distinguished Teaching Professor SUNY Old Westbury
