Slave Trade The Story Of The Atlantic Slave Trade 1440 187:

The Slave Trade Hugh Thomas, 2013-04-16 After many years of research award winning historian Hugh Thomas portrays in a balanced account the complete history of the slave trade Beginning with the first Portuguese slaving expeditions Hugh Thomas describes and analyzes the rise of one of the largest and most elaborate maritime and commercial ventures in all of history Between 1492 and 1870 approximately eleven million black slaves were carried from Africa to the Americas to work on plantations in mines or as servants in houses The Slave Trade is alive with villains and heroes and illuminated by eyewitness accounts Hugh Thomas's achievement is not only to present a compelling history of the time but to answer controversial questions as to who the traders were the extent of the profits and why so many African rulers and peoples willingly collaborated

The ^AStory of Rufino João José Reis, Flávio dos Santos Gomes, Marcus J. M. de Carvalho, 2019-12-09 A finalist for the Brazilian Book award and winner of the Casa de las Américas Prize for Brazilian Literature The Story of Rufino Slavery Freedom and Islam in the Black Atlantic reconstructs the lively biography of Rufino Jos Maria set against the historical context of Brazil and Africa in the nineteenth century that sheds light on slavery and the slave trade manumission the complexities of slavery and freedom in Brazil African freed persons and the resilience of ethnic and religious identities

Exhibiting Slavery Vivian Nun Halloran, 2009-09-22 Exhibiting Slavery examines the ways in which Caribbean postmodern historical novels about slavery written in Spanish English and French function as virtual museums simultaneously showcasing and curating a collection of primary documents within their pages As Vivian Nun Halloran attests these novels highlight narrative objects extraneous to their plot such as excerpts from the work of earlier writers allusions to specific works of art the uniforms of maroon armies assembled in preparation of a military offensive and accounts of slavery's negative impact on the traditional family unit in Africa or the United States In doing so they demand that their readers go beyond the pages of the books to sort out fact from fiction and consider what relationship these featured objects have to slavery and to contemporary life The self-referential function of these texts produces a museum effect that simultaneously teaches and entertains their readers prompting them to continue their own research beyond and outside the text

Race Traffic Gunther Peck, 2024-12-10 Fantasies of white slavery and the narratives of victimhood they spawn form the foundation of racist ideology They also obscure the lived experience of trafficked servants and sailors in the seventeenth and eighteenth centuries Gunther Peck moves deftly between the Atlantic and Mediterranean worlds to discover where and when people with light skin color came to see themselves as white Separating fact from fiction and paying close attention to the ideological work each performs Peck shows how laboring women and men leveraged their newfound whiteness to secure economic opportunity and political power Peck argues that whiteness emerged not as a claim of racial superiority but as a byproduct of wide-ranging and rancorous public debate over trafficking and enslavement Even as whiteness became a legal category that signaled privilege trafficking and race remained tightly interwoven Those advocating

for the value of whiteness invoked emotionally freighted victimhood claiming that so called white slavery was a crime whose costs far exceeded those associated with the enslavement of African peoples across the Americas Peck helps us understand the chilling history that produced the racist ideology that still poisons our politics in the present day Zephaniah Kingsley Jr. and the Atlantic World Daniel L. Schafer, 2013-11-12 Florida Book Awards Silver Medal for Florida Nonfiction Florida Historical Society Charlton Tebeau Award Florida Historical Society Stetson Kennedy Award A biography of a controversial patriarch of a mixed race family A controversial figure for his views on manumission and his unorthodox marital arrangements Zephaniah Kingsley Jr 1765 1843 is mostly known today for his Fort George Island plantation in Duval County Florida now a National Park Service site and for his 1828 pamphlet A Treatise on the Patriarchal System of Society that advocated just and humane treatment of enslaved persons liberal emancipation policies and granting rights to free persons of color Paradoxically his fortune came from the purchase sale and labor of enslaved Africans In this penetrating biography Daniel Schafer vividly chronicles Kingsley s evolving thoughts on race and slavery exploring his business practices and his private life Kingsley fathered children by several enslaved women then freed and lived with them in a unique mixed race family One of the women the only one he acknowledged as his wife though they were never formally married was Anta Madgigine Ndiaye Anna Kingsley a member of the Senegalese royal family who was captured in a slave raid and purchased by Kingsley in Havana Cuba **The Slave Trade** Hugh Thomas, 1998 From the slave trade s beginnings on the coast of West Africa in the 15th century this book follows the development of this shift in human lives across the centuries until its abolition in the late 19th century The Early Imperial Republic Michael A. Blaakman, Emily Conroy-Krutz, Noelani Arista, 2023-03-21 Created in a world of empires the United States was to be something new an expansive republic proclaiming commitments to liberty and equality but eager to extend its territory and influence Yet from the beginning Native powers free and enslaved Black people and foreign subjects perceived interacted with and resisted the young republic as if it was merely another empire under the sun Such perspectives have driven scholars to reevaluate the early United States as the parameters of early American history have expanded in Atlantic continental and global directions If the nation s acquisition of Puerto Rico Guam and the Philippine Islands in 1898 traditionally marked its turn toward imperialism new scholarship suggests the United States was an empire from the moment of its creation The essays gathered in The Early Imperial Republic move beyond the question of whether the new republic was an empire investigating instead where how and why it was one They use the category of empire to situate the early United States in the global context its contemporaries understood drawing important connections between territorial conquests on the continent and American incursions around the globe They reveal an early U S empire with many different faces from merchants who sought to profit from the republic s imperial expansion to Native Americans who opposed or leveraged it from free Black colonizationists and globe trotting missionaries to illegal slave traders and anti imperial social reformers In tracing these stories the volume s

contributors bring the study of early U S imperialism down to earth encouraging us to see the exertion of U S power on the ground as a process that both drew upon the example of its imperial predecessors and was forced to grapple with their legacies Taken together they argue that American empire was never confined to one era but is instead a thread throughout U S history Contributors Brooke Bauer Michael A Blaakman Eric Burin Emily Conroy Krutz Kathleen DuVal Susan Gaunt Stearns Nicholas Guyatt Amy S Greenberg M Scott Heerman Robert Lee Julia Lewandoski Margot Minardi Ousmane Power Greene Nakia D Parker Tom Smith

Staten Island in the Nineteenth Century: From Boomtown to Forgotten Borough Joseph Borelli, 2022 Emerging from the Revolutionary War and the formation of a new nation Staten Island was poised to enter the nineteenth century ripe for growth and prosperity Fueled by waves of immigration Richmond County became a boomtown of industry and transportation Piloting his first ferry with just two small masts and eighteen cent fares Cornelius Vanderbilt built a transit empire from his native shores of Staten Island When the Civil War erupted Richmond played a key role in housing and training Union troops as 125 naval guns protected New York Harbor at the Narrows At the close of the century Staten Island was swept up in the politics of consolidation with 84 percent of locals voting to join Greater New York yet the promised benefits of a new mega city never materialized Author Joe Borelli charts the trials and triumphs of Staten Island in the nineteenth century

Open Wound William McKee Evans, 2010-10-01 In this boldly interpretive narrative William McKee Evans tells the story of America s paradox of democracy entangled with a centuries old system of racial oppression This racial system of interacting practices and ideas first justified black slavery then after the Civil War other forms of coerced black labor and today black poverty and unemployment At three historical moments a crisis in the larger society opened political space for idealists to challenge the racial system during the American Revolution then during the irrepressible conflict ending in the Civil War and finally during the Cold War and the colonial liberation movements Each challenge resulted in an historic advance But none swept clean Many African Americans remain segregated in jobless ghettos with dilapidated schools and dismal prospects in an increasingly polarized class society Evans sees a new crisis looming in a convergence of environmental disaster endless wars and economic collapse which may again open space for a challenge to the racial system African Americans with their memory of their centuries old struggle against oppressors appear uniquely placed to play a central role

The Plant-based and Vegan Handbook Yanoula Athanassakis, Renan Larue, William O'Donohue, 2024-09-17 The Plant based and Vegan Handbook is the first of its kind to bring together interlocking and sometimes conflicting perspectives focused on veganism and plant based living As an interdisciplinary volume the noted contributors are from the fields of medicine psychiatry environmental studies sociology marine ecology philosophy agriculture psychology animal studies religion economics literature business and law Despite a range of individual preferences these authors advance a scientific argument for a societal move away from the current model of human and nonhuman animal relationships In our Anthropocene era experts not only debate about how human beings will survive on

Earth but more particularly are more concerned with how they will thrive As evidenced by the authors in this collection it will involve a reconsideration of the way our species relates to the planet and to other species This volume can serve as a critical reference work especially for students and scholars working in both emerging and established fields such as psychology medicine animal studies food studies environmental studies philosophy animal ethics and marine ecology

Mobility, Migration and Transport Colin G. Pooley, 2017-05-19 This book provides an innovative perspective on migration mobility and transport Using concepts drawn from migration history mobilities studies and transport history it makes the case for greater integration of these disciplines The approach is historical demonstrating how past processes of travel and population movement have evolved examining the continuities and changes that have occurred and arguing that many of the concepts used in mobilities studies today are equally relevant to the past The three central chapters view past population movements through respectively the lenses of migration history mobilities studies and transport Two further chapters demonstrate the diversity of mobility experiences and the opportunities and difficulties of applying this approach in teaching and research Extensive case study material from around the world is used including personal diaries which vividly recreate the everyday experiences of past mobilities Population movement has never been of more importance globally this book demonstrates how knowledge of past mobility experiences can inform our understanding of the present

Current Challenges of Environmental Philosophy, 2023-09-04 It is extremely difficult to seek new paths in the twilight of our former idols ideals and visions of a happy and successful life The authors of the book invite the reader to embark on this journey in a free spirited manner and to look at the challenges posed by the new climate regime from different perspectives Whether one accepts the concept of the Anthropocene as a starting point or rather as an opportunity for constructive criticism readers will be fully engaged by thinking through historical philosophical scientific political social as well as educational problems

The Slave Ship Marcus Rediker, 2007-10-04 Masterly Adam Hochschild The New York Times Book Review In this widely praised history of an infamous institution award winning scholar Marcus

Rediker shines a light into the darkest corners of the British and American slave ships of the eighteenth century Drawing on thirty years of research in maritime archives court records diaries and firsthand accounts The Slave Ship is riveting and sobering in its revelations reconstructing in chilling detail a world nearly lost to history the floating dungeons at the forefront of the birth of African American culture Miseducating Americans Richard F. Hamilton,2015-01-31 In Miseducating Americans Richard F Hamilton examines accounts of American history appearing in textbooks and popular accounts and compares these with the reports contained in scholarly monographs The task to determine how certain myths and misconstructions became accepted as recorded history Hamilton provides much needed correction of those misleading accounts Was America historically the land of the free Not if you take into account slavery discrimination and post Civil War segregation policies Was America in the late nineteenth century truly expansionist as American textbooks imply or did it actually capitalize on unexpected political and economic opportunities like Russia s desire to rid itself of Alaska Was the acquisition of the Philippines a zealous profit seeking effort aiming for the China market or the fortuitous consequences of a move against Spain during the Spanish American War Miseducating Americans debunks many commonly accepted explanations of historical facts It contends that many accounts are oversimplifications and some are one sided depictions of virtue Hamilton traces the sources of these misconstructions which mostly come from history textbooks written by authors aiming for popular audiences He then offers explanations as to how and why the inaccuracies have been repeated and passed on Slavery and the Founders Paul Finkelman,2014-04-08 The new edition of this classic work addresses how the first generation of leaders of the United States dealt with the profoundly important question of human bondage This third edition incorporates a new chapter on the regulation of the African slave trade and the latest research on Thomas Jefferson

Captive Passage Smithsonian Institution,2002 **Shakespeare Attacks Bigotry** Elaine L. Robinson,2009-06-08 The author argues that Renaissance humanism created a system of bigotry and eroded the practice of Christianity and that Shakespeare attempted to expose and condemn that shift The book examines six of his plays Titus Andronicus The Merchant of Venice Hamlet Othello King Lear and Macbeth and explores how they satirized humanism s grounding in Aristotle s philosophy of slavery and supremacy Shakespeare used characters like Hamlet and Aaron the Moor to attack that bigotry and his stance against racism and humanism revealed his Catholic faith Stamped: Racism, Antiracism, and You Jason Reynolds,Ibram X. Kendi,2020-03-10 Don t miss this fresh and conversational TIME Magazine potent and provocative The San Francisco Chronicle 1 New York Times bestselling exploration of racism and antiracism in America This is NOT a history book This is a book about the here and now A book to help us better understand why we are where we are A book about race The construct of race has always been used to gain and keep power to create dynamics that separate and silence Racist ideas are woven into the fabric of this country and the first step to building an antiracist America is acknowledging America s racist past and present This book takes you on that journey showing how racist ideas started and were spread and how they

can be discredited Through a gripping fast paced and energizing narrative written by beloved award winner Jason Reynolds with research from renowned bestselling author Ibram X Kendi *Stamped* shines a light on the many insidious forms of racist ideas and on ways you can identify and stamp out racist thoughts leading to a better future Now available for younger readers *Stamped for Kids Racism Antiracism and You* Download the free educator guide here <https://www.hachettebookgroup.com/wp-content/uploads/2020/03/Stamped-Educator-Guide.pdf>

Maritime Fiction J. Peck, 2001-03-08 In this important new study John Peck examines the cultural significance of maritime novels from Defoe through to Conrad Focusing in particular on the image of the body he illustrates how these works are built around the disparity between the masculine and often brutal regime of the ship and the civilised values of those who remain on the shore The first comprehensive discussion of its subject *Maritime Fiction* is an original exploration of the relationship between national identity fiction and the sea
