Governor General's Literary Awards have been instrumental in recognizing many of Canada's best authors, illustrators and translators. The result is impressive: between 1936 and 2017, 705 titles have been recognized with this prestigious award. With careful attention to detail, Andrew Irvine presents the history and evolution of the Awards and extols their importance for the careers of authors, illustrators and translators as well as for the development of Canada's national literature. The heart of the book contains the first comprehensive bibliography of the awards, including the first list of winning books organized according to their historically correct award categories, information about five books wrongly omitted from previous lists of winning titles, detailed information about award ceremonies, film adaptations and jury members, and other key information. This is a seminal work that belongs on the shelf of every scholar and every lover of Canadian literature. This book is published in English: *Une bibliographie incontournable des Prix littéraires du Gouverneur général du Canada*. Avec un souci minutieux du détail, Andrew Irvine présente l'histoire et l'évolution des Prix et vante leurs vertus indispensables: la carrière des écrivains et des traducteurs, ainsi que dans la laboration d'une littérature nationale au Canada. Cette bibliographie est la toute première recension complète des Prix littéraires du Gouverneur général et donne des renseignements détaillés au sujet des cérémonies, des adaptations cinématographiques, des membres des jurys, ainsi que d'autres informations clés. Le livre présente aussi une copie exhaustive et exacte de données bibliographiques tirées d'archives, une première dans le monde de l'édition. En somme, une référence incontournable. Children's Book Prizes Ruth Allen, 2019-01-22. First published in 1998, this book is the first comprehensive survey of the awards made to children's books in the English-speaking world. The Volume covers nearly forty different prizes, including well-known and established ones such as the Newbery Award, prizes instigated by the commercial sector such as the Smarties Prize, as well as nationally sponsored awards and prizes for illustrators. Detailed lists are provided of the winning titles and, where appropriate, the runners-up in each year that the award has been given. Ruth Allen also presents some fascinating and often entertaining insights into the motivations behind awards and how they are viewed by authors, illustrators, publishers, librarians, booksellers and potential purchasers. The various criteria applied by judges of these awards are also examined, with an assessment of whether they have always achieved the right result. This Volume is both a useful guide for adults wishing to buy good books for children and an important tool for those researching the history of the children's book industry.
