Sleepwalkers A Trilogy:

The Sleepwalkers, a Trilogy Hermann Broch, 1947 Follows the lives of a young Prussian army officer a Luxembourger bookkeeper and an Alsatian wine dealer each in a sense a sleepwalker representing a panorama of German society and its progressive deterioration of values that culminated in its defeat at the end of World War I *The Sleepwalkers* Hermann Broch, 2011-07-20 With his epic trilogy *The Sleepwalkers* Hermann Broch established himself as one of the great innovators of modern literature a visionary writer philosopher the equal of James Joyce Thomas Mann or Robert Musil Even as he grounded his narratives in the intimate daily life of Germany Broch was identifying the oceanic changes that would shortly sweep that life into the abyss Whether he is writing about a neurotic army officer The Romantic a disgruntled bookkeeper and would be assassin The Anarchist or an opportunistic war deserter The Reluctant Broch immerses himself in the twists of his characters psyches and at the same time soars above them to produce a prophetic portrait of a world tormented by its loss of faith morals and reason *The Sleepwalkers: Elucidations of Hermann Broch's Trilogy* Dorrit Cohn, 1966 **The Sleepwalkers, a Trilogy. topics Figurally Colored Narration Wolf Schmid, 2022-04-04 Figurally colored narration FCN is narrator's discourse whether in the first or third person that adopts salient features of character's text mainly valuation and designation without signaling the figural part in any way Unlike free indirect discourse FCN does not refer to current acts of consciousness but to typical characteristic segments of the character's text There are two main modes of FCN contagion of the narrator's discourse with a character's text and the more or less ironical reproduction of a character's text in narrative discourse In the latter case the narrator's criticism may refer to either the content of the character's text or to its form of expression This study begins with a definition and an example of FCN as a narrative device followed by an analysis of terms used for FCN in German Anglophone and Russian literary criticism Building on the perception of FCN as a phenomenon of interference between narrator's and character's text text interference this book analyses the function and applications of FCN in narratives written in German English and Russian Encyclopedia of German Literature Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings
