Parenting Your Kids with Grace (Birth to Age 10) Dr. Greg, Lisa Popcak, 2021-04-01 Believe it or not the Catholic family isn't primarily a human institution. It's a divine one. By uniting with the sacramental life of the Church, your common ordinary crazy family becomes something sacred: a domestic church. Family therapist and parent Gregory Popcak and his wife Lisa are back with *Parenting Your Kids with Grace*, building on their best-selling book *Parenting with Grace*, first published twenty years ago. This new volume draws on the same parenting principles and provides up-to-date research to guide parents through each stage of child development from birth to age ten. Practical, faithful, and humorous, *Parenting Your Kids with Grace* addresses four key questions: Are Catholic families called to be different from other families in the way we relate to one another in the home? If so, how? What does an authentic family-based approach to Catholic spirituality look like in practice? What can the latest research tell us about creating a faithful home and raising faithful kids? How can Catholic families be outposts of evangelization and positive social change? By checking our basic assumptions about parenting against both the Church's vision and what science can teach about living out that vision in healthy ways, we can discover God's plan for parenting healthy, godly kids.

What WE Lost Tawfiq S. Rangwala, 2022-05-05 TORONTO STAR 1 BESTSELLER GLOBE AND MAIL AND AMAZON BESTSELLER WE Charity had changed the game In its 25 years the international development charity and youth empowerment movement impacted lives the world over Innovation was at its core while most charities focus on making the world a better place for our children WE Charity focused on making better children for our world Founded by the ubiquitous Kielburger brothers WE Charity operated more like a Silicon Valley start up than a traditional NGO From creating stadium filling events with A list celebrity ambassadors to building schools infrastructure a hospital and even a university at lightning speed the organization was always full throttle Its for profit partner ME to WE filled shelves with socially conscious products that allowed consumers to track the impact of their spending invited young people and families to visit and work in communities WE Charity supported and channelled proceeds back into the charity to make it self sustaining Unique and disruptive WE generated energy engagement and accolades But it also bred misunderstanding and in some quarters resentment With a long history of propelling youth to act in support of myriad causes making doing good doable the slogan went WE Charity was the ideal candidate to administer the Canada Student Services Grant CSSG program The program if it had happened involved matching students within non profits in a summer in which Covid had stolen most job opportunities And then WE Charity in Canada was gone It didn t crumble It crashed Unwittingly caught in the crosshairs of a partisan fight that reflects the increasing Americanization of Canadian politics WE Charity was forced to shutter its doors in Canada Once a media darling with politicians of all stripes clamouring to appear at its events the charity was suddenly a pariah accused falsely of a litany of wrongdoings political cronyism governance failures heavy handed decision making by executives lining the pockets of the founders manipulating children mistreating donors racism and international corruption Many were shocked Detractors were delighted Led by fringe commentators the media quickly piled on Allies who spoke out were castigated and forced to take cover But while most Canadians have heard of the so called WE Charity Scandal at times forming strong views few are able to recount the true facts Misperceptions and confusion have ruled the day And many of the most important voices including those of educators and young people have gone unreported and unheard In this book former

WE board member and lawyer Tawfiq Rangwala unpacks the evidence and provides the critical context around the headline grabbing controversies that have shaped the narrative Drawing on the factual record his personal experiences inside the organization and extensive interviews with supporters and critics Rangwala cuts through the fog and explains what really happened why it happened and who should be held to account The author goes even deeper with insightful compassionate and heartbreaking interviews with WE supporters benefactors and the politicians that used the awarding of the contract during the global pandemic crisis to paint a picture of conflicts of interest and special favours by the Prime Minister Along the way we learn what has been lost and the personal cost to Canadians and people around the world More than just a story of the rise and fall of an iconic global charity this is a cautionary tale of the collateral damage that can be levelled by unchecked partisan politics social media pundits and sensationalist headlines In the end Canadians are left to ponder whether the real scandal is the demise of WE Charity and the values of fair play and due process that most of us hold dear
