Dr. Wick, Dr. Johnson, 2011-03-08 Identical twins Drs Phyllis and Philetha Tucker have seen it all during their careers murder rape bomb threats and assaults with deadly weapons Surprisingly the sisters are not police officers FBI agents or private detectives They are school teachers who together have spent over 60 years educating and at times saving the youth of America Written in one voice of two women who share the same educational views and in some instances the same or similar experiences Can You See Us provides a compelling glimpse into an educational system that unfortunately no longer sees children as its first priority but seems to focus on politics and money The sisters share heart wrenching stories that detail the bullying abandonment and personal tragedies children endure on a daily basis in the midst of a school system short on resources funds and time They offer a moving perspective that only a teacher can provide while joyfully watching some children succeed and helplessly witnessing others fail The stories in Can You See Us will hopefully encourage parents educators and administrators to begin taking the crucial steps to transform an educational system in desperate need of reform Absolutely enlightening Professor Bonnie Ronson
