Language Arts Barbara D. Stoodt,1988 *Readers and Writers in the Middle Grades* Martha Combs,2003 The second edition of this popular book for grades 4-8 again reflects the author's emphasis on teaching reading and writing from a literature-based perspective and engaging middle grades learners in integrated literacy experiences. Coverage has been revised to meet the growing need to address early adolescents who still struggle with becoming proficient readers and writers. Taking a holistic interdisciplinary approach to literacy development, Combs deftly balances ideas for using authentic children's literature with techniques for making the most of the basal approach, providing a rich mix of classroom-tested models and examples that will serve future teachers well in their first classrooms and every classroom thereafter.
