Teaching The Jesus Way Building A Transformational Teaching Ministry:

Teaching the Jesus Way Jay Johnston, 2000-05 **Empowering Hispanic Leaders** Victor H. Cuartas, 2009 The estimated Hispanic population of the United States was 45.5 million in 2007 making people of Hispanic origin the nation's largest ethnic or race minority. Hispanics constitute 15 percent of the nation's total population. The Latino population in the United States will triple in size and according to the Census projections Hispanics will make up 29 percent of the United States population by 2050. This book offers suggestions for training Hispanic leaders who will be involved in ministry in various regions of the United States. The findings of this research project produced information, understanding, and direction that can contribute to the imperative efforts to train emerging leaders for Hispanic groups everywhere. The principles revealed in this study of Hispanic leadership training will prove effective in empowering leaders of other groups in the United States and other countries.

Teaching Youth Richard Barnes, Allen Jackson, 2000-05 **Reach Me with Smiles** Barbara A. F. Brehon, 2014-03-28 *Reach Me with Smiles* is a useful resource that will enhance teacher effectiveness, merging six approaches that can be used in any teaching context. How do you teach a lesson that will assist with growth? Teachers and leaders stimulate, motivate, involve, love, encourage, and strengthen students. The concept is recommended for teacher development to improve existing skills for independent or group study. Examine how to equip persons who make disciples of others, a core value of Christian ministry. Keep lessons fresh as you remain equipped and updated with what God has called you to do. Consider unique characteristics of God's creation, your students. Discover how to be intentional about teaching others how to demonstrate their faith. Distinguish between disciple and disciple maker as a part of increasing effectiveness. Examine processes to assist Christians with equipping the body of believers. Explore how to escort church members toward becoming more mature Christians. Equip servants to build strong foundations for transformational ministry in the church and community. Uncover practical strategies for the local church or in service to the community. The user-friendly layout considers teacher preparation as a process, offers suggestions to help teachers self-evaluate regularly, and provides a ready reference for specific skills with confidence. The investment of teaching, training, and equipping saints enriches and empowers Christian education. *Reach Me with SMILES* is a handy source for developing and nurturing spiritual growth, changing lives, and winning souls for the kingdom. Teachers, leaders, or anyone exploring teaching will be edified and empowered to sail away, reaching others for Christ.

Formational Children's Ministry (ēmerision: Emergent Village resources for communities of faith) Ivy Beckwith, 2010-01-01 Much ministry to children looks more like mere entertainment than authentic spiritual formation But what if children s ministries were rooted in a mind set whereby we taught children with our words and actions how the story of God the story of church history the story of the local community and the story of the child intersect and speak to one another What if children s ministry was less about downloading information into kids heads and more about leading them into these powerful compelling stories Beckwith aims to help ministers and parents create a ministry that captures children s imaginations not just to keep them occupied but to live as citizens of the kingdom of God In addition to providing theological reasons for formational children s ministry the book offers examples of how Ivy and other practitioners are implementing a formational model

Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education A Women's Lectionary for the Whole Church Year B Wilda C. Gafney, 2023-07-18 In this project I propose at least two new lectionaries a year W a women s readings year that can be added to the current Episcopal or Revised Common RCL Lectionaries and a new three year cycle How would a lectionary centering women s stories chosen with womanist and feminist commitments in mind frame the presentation of the scriptures for proclamation and teaching More simply what would it look like if women built a lectionary focusing on women s stories How is the story of God told when stories of women s brutalization and marginalization are moved from the margins of canon and lectionary and held in the center in tension with stories of savvy and strong women women whose contribution is not limited to or does not even include childbearing There are more than two billion Christians in the world according to the Pew Research Center demographic projections Pew Research Center s Forum on Religion and Public Life Global Religious Landscape December 2012 2.3 billion in 2015 With Roman Catholics making up an estimated 1.2 billion and accounting for Orthodox Christians Anglicans Episcopalians Methodists Presbyterians Lutherans and other Reformed traditions along with some Baptist and congregational churches that use a lectionary the overwhelming majority of Christians receive their scripture mediated through a lectionary Based on the numbers in the Pew Research Center s 12 May 2015 report America s Changing Religious Landscape as much as sixty percent of American Christians attend services in churches that use lectionaries Those lectionaries are not simply as androcentric as are the scriptures but in my experience as a congregant and priest women are even less well represented than they are in the biblical text For example there are one hundred and eleven named women in the Hebrew Scriptures which is itself under represented in preaching lectionaries not accounting for the numbers of unnamed women and girls The lectionary is a catechetical tool All many congregants know of the bible is the texts they hear read from their respective lectionary As a biblical scholar it is my hope to see congregants exposed to the bible more broadly and deeply and see them equipped to engage the sacred texts of their tradition critically with nuance This book will be for use in liturgical contexts in parishes and the institutions of the Church in seminary classrooms particularly worship and liturgy and for individual devotional use
