Teaching and Learning in a Multilingual School Tara Goldstein, In depth portrayal and discussion of dilemmas choices and risks teachers and students must negotiate in a multilingual school Based on a Canadian study but applicable for all teachers working with linguistically and culturally diverse students **Teaching and Learning in a Multilingual School** Tara Goldstein, Gordon Pon, Timothy Chiu, Judith Ngan, 2003-01-30 Teaching and Learning in a Multilingual School Choices Risks and Dilemmas is for teachers and teacher educators working in communities that educate children who do not speak English as a first language At the center of the book are findings from a four year critical ethnographic case study of a Canadian high school with a large number of emigrant students from Hong Kong and rich descriptions of the multitude of ways teachers and students thought about responded to and negotiated the issues and dilemmas that arose The solutions and insights they derived from their experiences of working across linguistic cultural and racial differences will be extremely valuable to educators in other locales that have become home to large numbers of immigrant families The book is designed to help readers think about how the issues and dilemmas in the case study manifest themselves in their own communities and how to apply the insights they gain to their own teaching and learning contexts Each chapter includes four components an excerpt from the ethnographic study an analytic commentary on the ethnographic text drawn from a variety of theoretical perspectives and academic disciplines including interactionist sociolinguistics language minority education English as a Second Language education critical literacy anti racist education and critical teacher education a pedagogical discussion and suggestions for further reflection and discussion The book features the use of ethnographic play writing to engage readers with the issues that arise in multicultural multilingual schools The author s play Hong Kong Canada is included in its entirety and is used to stimulate further discussion of the issues raised in each of the chapters Although it is organized around two different kinds of schooling dilemmas dilemmas of speech and silence and dilemmas of discrimination everyday dilemmas of curriculum and assessment are also discussed throughout the book A methodological discussion of the choices the author made while designing conducting and writing up the critical ethnographic case study makes the book useful in qualitative research methodology courses A set of strategies and activities is provided for helping students develop English oral presentation skills Boys, Girls, and the Myths of Literacies and Learning Roberta F. Hammett, Kathy Sanford, 2008-03-28 This timely and authoritative book provides a critique and deconstructs the myths that serve to uphold the current moral panic around boys supposed failures in literacy and diminished chances of success Readers are asked to look beyond simple gender binarism to see different more complex and often more egregious categorizations of students in their classrooms

other than the simplistic male female categories and begin to question and address some of those issues poverty racism violence environment and more complex issues of gender patriarchy and hegemony The authors suggest different ways of teaching literacies to both boys and girls and propose that while solutions are not simple they are critically important in promoting positive educational experiences for all students regardless of gender class culture race or sexual orientation

The Methodological Dilemma Revisited Kathleen Gallagher, 2018-04-17 In *The Methodological Dilemma Revisited* authors examine what in their research processes has given pause thwarted the process of seamless productivity or stalled the easy research output but has instead insisted upon a deeper analysis This resistance of the expedient explanation has consequences both for the research topics under study and the ways in which qualitative research is conducted in a globalized era of deepening social inequality The book is pedagogical in its orientation and reflects upon the politics of knowledge construction Working with queer and minoritized youth communities and other precarious publics the authors convey their relationships to groups they are inside

or outside of or allied with posing ethical questions about research designs and worldviews Themes such as representation refusal and resistance of hegemonies are nuanced by investigations into the ethical practical and scholarly dimensions of the turn toward collaboration in qualitative inquiry Other chapters examine the place value and concerns of aesthetic representation of qualitative research Finally the authors consider issues of criticality in research and the concepts of compassion and humility This book contains contributions from some of the most imaginative qualitative researchers making the most of their research dilemmas in order to reflect upon the challenges and resistances they encounter in the work of qualitative research

Ideas That Changed Literacy Practices Dennis Sumara, Donna E. Alvermann, 2021-10-29 A 2022 SPE Outstanding Book Award Winner How do ideas change practices and people In Ideas That Changed Literacy Practices 32 influential scholars in literacy education get personal about how they have worked on ideas and how those ideas have worked on them Together the essays offer never before revealed personal histories of the authors published writing about ideas that have shaped the field of literacy education As a collection the essays highlight some of the major themes that have guided and changed literacy practices over the last few decades They also offer a rare glimpse into the complex ways histories of research emerge alongside personal and political influences on policy and practice The volume includes an

introductory chapter by Sumara and Alvermann in which they detail the processes they used in creating a context for the significance of this work. They begin with the premise that most literacy scholars rarely if ever reveal their personal and intellectual investments in ideas that have animated their research and other scholarly endeavors. That this observation rang true for all of the contributors was evidenced in their responses to the invitation. For example, some replied by saying this was the most exciting project they had engaged in because it required reflection on what motivated them to write the requested 3 500 word essay. Others mentioned they were looking forward to reading what their peers would share.

Ideas That Changed Literacy Practices is a unique collection of autobiographical essays that situates literacy learning and teaching in a rich context of personal and professional knowledge that highlights and celebrates the vibrant complexities of the field of literacy education. It is a unique and valuable resource for researchers and educators whether in K 12 or higher education. Perfect for courses such as Introduction to Literacy Research, Literacy Research and Methods, Language Literacy and Culture, Literacy Policy and Practice, Narrative Research, Interpretive Inquiry, Research Methods in Education, Foundations of Literacy, Education Research Methods in Language and Literacy, Popular Culture in Literacy Classrooms, New and Digital Literacies, History of Literacy Practices, Educational Philosophy, Reading and Language Arts, Critical Theory, Poststructuralism, Digital Media Education, Creative Writing, Politics of Literacy.

Language Learning in New English Contexts Rita Elaine Silver, Lubna Alsagoff, Christine C M Goh, 2011-10-27. This edited volume is dedicated to the exploration of English language acquisition and development outside of the largely monolingual environments of North America, the United Kingdom, and Australia. Specifically, the studies investigate different facets of English language learning in Singapore and use this experience to forge connections with other New English contexts. Using empirical data drawn from a range of language classrooms, the contributors emphasise the place of education within a global framework of English language learning. In so doing, they examine economic, social, and political factors influencing language education and present a refreshingly global perspective on English language acquisition. This comprehensive examination of language learning in New English contexts will be of interest to researchers in applied linguistics and world Englishes.
