Teaching Gifted Children And Adolescents:

Teaching Gifted Children and Adolescents Raymond H. Swassing, 1985 **Gifted Children and Adolescents Through the Lens of Neuropsychology** Hanna David, Eva Gyarmathy, 2023-03-01 This book addresses a wide range of issues situated in the core of theoreticians and clinicians work in the field of giftedness. It gathers practical issues relevant for the lives of many gifted children, adolescents, and adults from a neuropsychological point of view. By studying the basic questions in gifted education through a neuropsychological lens, this book aims to establish a uniform new way for the treatment of gifted children with social or emotional difficulties, learning disabilities, physical limitations, or psychological and psychiatric disorders. This book helps educators and mental health professionals to obtain a deeper understanding of the neurological system and its role in learning. This includes memory, knowledge processing, making connections, and the implications on the cognitive, emotional, and physical aspects, all of which play major roles in the life of each gifted child and adolescent. By acquiring this new knowledge, more teachers, counsellors, psychologists, and psychiatrists will be able to help individuals materialize their giftedness while preserving their mental health and productivity.

Teaching Gifted Children Jeff Danielian, C. Matthew Fugate, Elizabeth Fogarty, 2021-09-23 From the pages of *Teaching for High Potential*, a quarterly publication of the National Association for Gifted Children, this collection of articles is sure to be of use to any educator of high ability students. Topics included range from instructional methods across all content areas, including tips and tools for reading and vocabulary instruction, integrating STEM content, and engaging students in math, to identification, differentiation, and addressing gifted students' social/emotional needs. Articles also delve into current issues pertinent to the field of gifted education and this unique group of students, including underachievement and underrepresented minority populations, as well as new classroom strategies such as Makerspaces and teaching growth mindset. This resource can be used to enhance a classroom, lesson, guide, curriculum, development, or supplement professional development. The featured articles are unique, well-written for the audience, and selected by reviewers who understand what teachers need.

Child and Adolescent Counseling Brenda Jones, Beth Durodoye, 2021-05-14 I am impressed with the layout, the writing, and the integrative nature of this volume. Teaching and Counseling Gifted and Talented Adolescents Roberta M. Milgram,Rita Dunn,Gary E. Price,1993-10-30 The goal of this book is to provide teachers with the theoretical and practical information needed to meet the daily challenge of individualizing instruction for gifted and talented students with different learning styles in regular classrooms These students spend most of their time in regular courses Teachers and counselors often are urged to provide for the unique needs of each of these learners without being shown how such adolescents differ from each other in their learning style traits This is the first book devoted entirely to the topic and it is based on a two year study in many different nations

Counseling Gifted Students Susannah M. Wood,Jean Sunde Peterson,2017-12-05 Drs Susannah Wood and Jean Peterson have combined forces to move the field of school counseling forward in its work on behalf of gifted students This subtle regularizing into appropriate school counseling practice is actually quite radical as it makes it clear that the time has passed to consider whether we should be concerned with the nature and needs of students with gifts and talents but rather need to move to serving them as a requirement of our profession And fortunately for all of us the authors provide a clearly articulated roadmap for helping us live up to our professional responsibilities Tracy L Cross Ph D Created to fill a gap in both counselor education and gifted education this is the only up to date text to provide a concise and practical overview of counseling services designed specifically for gifted and talented students Grounded in the American School Counselor Association ASCA National Model for counseling programs the book illuminates specific knowledge awareness and skills school counselors need to address concerns related not only to academics but also to social and emotional development of this population The text delivers a theoretical and practical overview of gifted and talented education in the United States and the responsibilities of school counselors as they pertain to this unique population Going well beyond the common call to provide academic challenge the book considers special characteristics of gifted and talented students as it examines the complexities of career development college readiness and concerns related to social and emotional development It discusses how counselors can advocate for gifted students lead efforts to match programming and needs and collaborate with school staff and families Vignettes depicting critical incidents and epitomizing needs are used to illuminate differentiated counseling approaches that support this student population Each chapter highlights a key concept and curriculum guidelines and resources for professional development support the text

KEY FEATURES Interweaves school counseling and gifted education research and practice Considers characteristics and counseling concerns associated with giftedness Is based on the ASCA model for counseling programs Examines the complexities of career development college readiness and social emotional development in this population Highlights key concepts and includes vignettes of critical incidents

Counseling Gifted and Talented Children Roberta M. Milgram,1991-07-30 There is a gap between the enormous need for counseling services and research about the counseling

needs of gifted individuals on the one hand and the limited availability of such services and knowledge on the other This book is designed to give counselors classroom teachers gifted education specialists and parents an understanding of the academic and social personal needs of gifted and talented students awareness of ways that they themselves may help these children and an introduction to the available guidance strategies and materials This book highlights the role of regular classroom teachers and teachers of the gifted in counseling provides teachers counselors and parents with information about the wide variety of approaches to enrichment and or acceleration emphasizes the major role of parents in the development of their gifted children stresses career education and guidance Four chapters are devoted to important topics that have received very little attention to date gifted girls preschool gifted disadvantaged gifted and learning disabled gifted Finally a unique feature of the book is a chapter in which fictional portraits of gifted and creative children are presented and analyzed **Using the**
