**Flexible Education Settings** Aspa Baroutsis, Glenda McGregor, Martin Mills, Kitty te Riele, 2019-12-18 Alternative and flexible education settings may come in different forms but they generally have in common a focus on young people who have been disengaged from conventional schooling One challenge of these settings therefore is to change the way education is offered in order to better engage these students Much of the onus for this changed approach is on the staff teachers youth

workers and other support staff Therefore the purpose of this book is to examine different aspects of the work of staff in these settings Several common threads run through the chapters in this book highlighting core aspects of the work of staff in these settings A strong sense of commitment to working with and for young people from marginalised backgrounds Validation of the relational and emotional nature of education as a fundamentally people centred enterprise The importance of explicit attention to critical reflection on staff members own positionality assumptions and identity Collegiality as a crucially affirming part of school culture for staff These elements are pertinent to educational settings everywhere The chapters in this book serve as a reminder of what really counts for our young people and their schooling The chapters in this book were originally published as a special issue of Teaching Education

It discusses historical development policy perspectives, quality concerns, current practices and trends of teacher education in India. It highlights the prevailing social image of teachers and the teaching profession as well as the emerging problems and issues faced in teacher development programs, indicating the need to focus upon the transformative changes. Each chapter provides an in-depth research-based analysis and reflects on a specific theme: education policies and commissions, curricular reforms, ICT integration and the digital revolution. It offers alternative practices by drawing a comparison with developed nations. It is an indispensable resource for teacher educators, school administrators, curriculum designers, policymakers, and researchers in teacher education. **Rethinking Field**

**Experiences in Preservice Teacher Preparation** Etta R. Hollins, 2015-03-12 The focus of this book is the centrality of clinical experiences in preparing teachers to work with students from diverse cultural, economic, and experiential backgrounds. Organized around three themes: learning teaching through the approximation and representation of practice, learning teaching situated in context, and assessing and improving teacher preparation, *Rethinking Field Experiences in Preservice Teacher Preparation* provides detailed descriptions of theoretically grounded, research-based practices in programs that prepare preservice teachers to contextualize teaching practices in ways that result in a positive impact on learning for traditionally underserved students. These practices serve current demands for teacher accountability for student learning outcomes and model good practice for engaging teacher educators in meaningful, productive dialogue and analysis geared to developing local programs characterized by coherence, continuity, and consistency. **Research in Education**

, 1972 *The Struggle for the Soul of Teacher Education* Kenneth M. Zeichner, 2017-10-10 *The Struggle for the Soul of Teacher Education* is a much-needed exploration of the unprecedented current controversies and debates over teacher education and professionalism. Set within the context of neo-liberal education reforms across the globe, the book explores how the current struggles over teaching and teacher education in the US came about, as well as reflections on where we should head in the future. Zeichner provides specific examples of work that moves teacher education toward greater congruency between ideals and practices while outlining the basis for a new form of community-based teacher education where universities and other program providers, local communities, school districts, and teacher unions share responsibility for the preparation of teachers. Ultimately, Zeichner problematizes an uncritical shift to more practice and clinical experience and discusses the enduring problems of clinical teacher education that need to be addressed for this shift to be educative. Readers are sure to gain insight on transforming teacher education so it more adequately addresses the need to prepare teachers capable of providing a high-quality education with access to a rich and broad curriculum and culturally and community-responsive teaching for everyone's children. *The Alternative Certification of Teachers* ERIC Clearinghouse on Teacher

Education, Washington, DC.,1992 Criticisms of teacher education the low economic and political costs of trying to reform schools by reforming teacher education along with the difficulty of filling some teaching positions with persons certified in traditional ways have fueled a movement to create alternative routes to teacher certification in the vast majority of states This monograph seeks to inform the ongoing policy debate over when and for what purposes alternative certification of teachers should be employed and to develop lessons that might lead to increasing the effectiveness of both alternative certification and traditional programs of teacher preparation Following an introduction the publication consists of six articles 1 The Theory and Practice of Alternative Certification Implications for the Improvement of Teaching Willis D Hawley 2 Alternative Certification in Connecticut Reshaping the Profession Traci Bliss 3 Alternative Certification State Policies in the SREB Southern Regional Education Board States Lynn M Cornett 4 Los Angeles Unified School District Intern Program Recruiting and Preparing Teachers for an Urban Context Trish Stoddart 5 Teaching and Knowledge Policy Issues Posed by Alternate Certification for Teachers Linda Darling Hammond and 6 The Place of Alternative Certification in the Education of Teachers Gary D Fenstermacher Selected references for each chapter are included LL
