Teaching The Way Jesus The Early Church And Today:

Teaching the Way Joseph A. Grassi, 1982 **Principles and Practices of Christian Education** Robert W. Pazmiño, 2002-04-29 Principles and Practices of Christian Education shows teachers how they can use two important principles that stand behind all evangelical practices to make their education program stand out from all the others in its nurture of students First evangelical Christian education recognizes the need for conversion personal and corporate transformation that reconnects people to their Creator Second evangelical Christian education strives for connection making contact with people as unique individuals who live in a particular society and who need to know more about scripture In this book Christian education students learn that the work for which they prepare is a partnership with God to transform people Their central task is worship but through it and other activities they lead others to faith commitment and transformation of communities **Finding Christ in the Old Testament: Searching Out How the Early Church Supported the**

Doctrines of Christ from only the Old Testament William Waddell, PhD., ThD., 2014-10-13 So the modern believer may be encouraged to search out Jesus not only in the New Testament but also in the Old The early church even though they had only the Old Testament did not lack in Scriptural backing when they preached and taught about Jesus The modern church should be as well armed having both the Old and New Testament at its disposal Recovering the Unity of the Bible Walter C. Kaiser, Jr., 2009 In this new book Walt Kaiser makes the case for the unity of the Bible The theological unity of the Bible celebrates the diversity of the Bible but does so with the conviction that even though that unity can be tested historically ethically and otherwise it has not detracted from the central case for the theological harmony that is found in the text This has been the general conclusion of two millennia of Judeo Christian exegesis A Short History of the Early Church Harry R. Boer, 1976 A lucid and concise account of the people places institutions events and ideas that made a difference in the development of the Christian faith Discussion questions following each chapter aid the reader in reflection and review

Commissioned to Teach , Bible School 1 Semester 2 Shofar Christian Church, 2020-06-01 The Bible teaches us that there is nothing more important than becoming like Jesus The life of Jesus not only shows the full picture of who God is but He also shows us what it means to be human He is the quintessential man In Him we see what a perfect relationship with God looks like what our moral outlook should be and what constitutes a good and worthy life Through the ages the church has confirmed that the Bible is both the standard and the guide that instructs confronts and inspires us in the process of following Jesus The way we see understand and experience God ourselves and the world around us should thus ultimately be based upon what the Bible teaches us This Bible School course is therefore intended to help you to build your life around the Word of God *Teaching Today's Teachers to Teach* Donald L. Griggs, 2003 A revised edition of the best selling Teaching Teachers to Teach 1974 this book is a basic comprehensive manual offering practical guidance that helps teachers learn the art and practice of teaching The Progressive Publication of Matthew B. Hearers and Doers Kevin J. Vanhoozer, 2019-05-15 The foundation of discipleship is sound scriptural doctrine The value of sound doctrine is often misunderstood by the modern church While it can be dry and dull when it flows from the story of Scripture it can be full of life and love This kind of doctrine steeped in Scripture is critical for disciple making And it is often overlooked by modern pastors In *Hearers and Doers* Kevin Vanhoozer makes the case that pastors as pastor theologians ought to interpret Scripture theologically to articulate doctrine and help cultivate disciples scriptural doctrine is vital to the life of the church and local pastor theologians should be the ones delivering it to their communities With arresting prose and striking metaphors Vanhoozer addresses the most pressing problems in the modern church with one answer teach sound scriptural doctrine to make disciples *The Generative Church* Cory Seibel, 2019-10-10 Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care Some churches have a longstanding track record of faithfulness in living out this commitment Some lose sight of this priority over time and allow their intentionality to fade This book makes a distinctive contribution to our understanding of children's youth and young adult ministries by appropriating Erik Erikson's concept of generativity the interest in establishing and guiding the next generation as a way of exploring congregational life Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations Their chapters challenge us to think about the intergenerational dynamics of our churches the crucial partnership between church and parents and what it means to involve young people meaningfully in the life of the church The intriguing topics explored by this group of authors and the diverse contexts from which they write promise to broaden and enrich our thinking about caring for children youth and young adults as a vital responsibility shared by the entire congregation *The Goshen College Record* Goshen College, 1926 Consists exclusively of material in Mennonite history *Acts 1-28 MacArthur New Testament Commentary Two Volume Set* John MacArthur, 1996-10-09 This package includes the complete two volume set of Acts from the MacArthur New Testament Commentary series Acts 1-12 and Acts 13-28 The MacArthur New Testament Commentary series continues to be one of today's top selling commentary series In the volume one and two of Acts MacArthur gives verse by verse analysis in context and provides points of application for passages illuminating the biblical text in practical and relevant ways The series has been praised for its accessibility to lay leaders and is a must have for every pastor's library **The Revell Tarbell's Teacher's Guide to the International Sunday School Lessons, Includes the RSV and KJV.**, 1909 *The Gospel of John* Charles Raith, 2017-03-16 The Gospel of John Theological Ecumenical Readings brings together leading Catholic Orthodox and Evangelical theologians to read and interpret John's Gospel from within their ecclesial tradition while simultaneously engaging one another in critical dialogue Combining both theological exegesis and ecumenical dialogue each chapter is

uniquely structured with a main essay by a Catholic Orthodox or Evangelical theologian on a section of John's Gospel followed by two responses from theologians of the other two traditions. The chapter concludes with a final response from the main author. Readers are thus provided with not only a deep and engaging reading of the Gospel of John but also the unfolding of a rich theological ecumenical dialogue centered on an authority for all Christians namely the Gospel of John.

Preaching Re-Imagined Doug Pagitt, 2009-05-18 Imagine for a moment that you can forget almost everything you've ever read, ever heard, ever been taught about preaching. Somehow everything is new; nothing is impossible. Imagine if, with the Holy Spirit's working, missional communities could be formed; vibrant stories would be told and retold for generations in new and ever-vivid manners of communication. EmergentYS author and pastor Doug Pagitt offers an invitation to the kind of preaching that creates followers of God who serve the world well and live the invitation to the rhythm of God. He introduces you to an approach to engaging with the Bible with a focus on three questions: What kind of communities are we forming? Sociology. What story are we telling? Theology. How can we tell it more effectively? Communication. These questions are engaged through the introduction of Progressional Implicatory Preaching. This insightful combination of both theory and practical advice will open the floodgates of your imagination to once again dream big dreams for your church. Envision Preaching beyond speechmaking as an agent in the creation of Christian communities and take a hopeful look toward new approaches to encouraging the spiritual formation of your church body. Includes study/discussion questions.
