Color of Privilege Aida

Hurtado,2005-08-18 This groundbreaking and important book explores how women of different ethnic racial groups conceive of feminism A da Hurtado advances the theory of relational privilege to explain those differing conceptions Previous theories about feminism have predominantly emphasized the lives and experiences of middle class white women A da Hurtado argues that the different responses to feminism by women of color are not so much the result of personality or cultural differences between white women and women of color but of their differing relationship to white men For Hurtado subordination and privilege must be conceived as relational in nature and gender subordination and political solidarity must be examined in the framework of culture and socioeconomic context Hurtado s analysis of gender oppression is written from an interdisciplinary multicultural standpoint and is enriched by selections from poems by Sandra Cisneros Gloria Anzald a Lorna Dee Cervantes and Elba Sanchez and from plays by El Teatro Campesino the United Farm Workers theater group A final chapter proposes that progressive scholarship and especially feminist scholarship must have at its core a reflexive theory of gender oppression that allows writers to simultaneously document oppression while taking into account the writer s own privilege to analyze the observed as well as the observer A da Hurtado is Associate Professor of Psychology University of California Santa Cruz

Queering Drag Meredith Heller,2020-01-21

Theatrical gender bending also called drag is a popular form of entertainment and a subject of scholarly study However most drag studies do not question the standard words and ideas used to convey this performance genre Drawing on a rich body of archival and ethnographic research Meredith Heller illuminates diverse examples of theatrical gender bending male impersonation in variety and vaudeville 1860 1920 the sexless gender bending of El Teatro Campesino 1960 1980 queer butch acts performed by black nightclub singers such as Storm DeLarverie instigator of the Stonewall riots 1910 1970 and the range of acts that compose contemporary drag king shows Heller highlights how in each case standard drag discourses do not sufficiently capture the complexity of performers intents and methods nor do they provide a strong enough foundation for holistically evaluating the impact of this work Queering Drag offers redefinition of the genre centralized in the performer s construction and presentation of a queer version of hegemonic identity and it models a new set of tools for analyzing drag as a process of intents and methods enacted to effect specific goals This new drag discourse not only allows for more complete and accurate descriptions of drag acts but it also facilitates more ethical discussions about the bodies identities and

products of drag performers **Restaging the Sixties** James Martin Harding,Cindy Rosenthal,2006 A dynamic exploration of eight radical theater collectives from the 1960s and 70s and their influence on contemporary performance *Making a Spectacle* Lynda Hart,1989 The first scholarly collection to discuss the intersection of feminism and dramatic theory
