El Teatro Campesino de Luis Valdez, 1965-1980 Arturo C. Flores, 1990      El Teatro Campesino de Luis Valdez, 1965-1980 Arturo Conrado Flores, 1986      Encyclopedia of Latin American Theater Eladio Cortés, Mirta Barrea-Marlys, 2003-12-30 Latin American culture has given birth to numerous dramatic works though it has often been difficult to locate information about these plays and playwrights This volume traces the history of Latin American theater including the Nuyorican and Chicano theaters of the United States and surveys its history from the pre Columbian period to the present Sections cover individual Latin American countries Each section features alphabetically arranged entries for playwrights independent theaters and cultural movements The volume begins with an overview of the development of theater in Latin America Each of the country sections begins with an introductory survey and concludes with copious bibliographical information The entries for playwrights provide factual information about the dramatist's life and works and place the author within the larger context of international literature Each entry closes with a list of works by and about the playwright A selected general bibliography appears at the end of the volume      **Chicano Politics and Society in the Late Twentieth Century** David Montejano, 2010-05-28 The various protest movements that together constituted the Chicano Movement of the 1960s and 1970s urged a politics of inclusion to bring Mexican Americans into the mainstream of United States political and social life This volume of ten specially commissioned essays assesses the post movement years asking what went wrong what went right and where are we now Collectively the essays offer a wide ranging portrayal of the complex situation of Mexican Americans as the twenty first century begins The essays are grouped into community institutional and general studies with an introduction by editor Montejano Geographically they point to the importance of Hispanic politics in the Southwest as well as in Chicago wards and in the U S Congress with ramifications in Mexico and Central America Thematically they discuss non traditional politics stemming from gender identity environmental issues theatre production labor organizing university policymaking along with the more traditional politics revolving around state and city government the Congressional Hispanic Caucus and various advocacy organizations      Color of Privilege Aida Hurtado, 2005-08-18 This groundbreaking and important book explores how women of different ethnic racial groups conceive of feminism A da Hurtado advances the theory of relational privilege to explain those differing conceptions Previous theories about feminism have predominantly emphasized the lives and experiences of middle class white women A da Hurtado argues that the different responses to feminism by women of color are not so much the result of personality or cultural differences between white women and women of color but of their differing relationship to white men For Hurtado subordination and privilege must be conceived as relational in nature and gender subordination and political solidarity must be examined in the framework of culture and socioeconomic context Hurtado's analysis of gender oppression is written from an interdisciplinary multicultural standpoint and is enriched by selections from poems by Sandra Cisneros Gloria Anzald a Lorna Dee Cervantes

and Elba Sanchez and from plays by El Teatro Campesino the United Farm Workers theater group A final chapter proposes that progressive scholarship and especially feminist scholarship must have at its core a reflexive theory of gender oppression that allows writers to simultaneously document oppression while taking into account the writer's own privilege to analyze the observed as well as the observer A da Hurtado is Associate Professor of Psychology University of California Santa Cruz
