Excerpt from *Fresco Painting Its Art and Technique* With Special Reference to the Buono and Spirit Fresco Methods I have endeavoured in this treatise to place before students some practical hints in the methods and processes of fresco painting which are the out come of my experience in the practice of the buon fresco and the spirit fresco systems of wall decoration As to the stereochrome or German water glass and its later variety the Keims process of fresco painting I do not pretend to have a definite knowledge having no practical experience in painting in these methods but on seeing the condition of some frescos in England which have been executed in stereochromy I should prefer to trust to the buon fresco or to the spirit fresco mediums when it is a question of the permanency of wall paintings About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
