Skels A Novel:

Skels Maggie Dubris, 2004-05-14 When Orlie Breton shows up in June of 1979 to work as a paramedic in New York City's 911 system she finds herself plunged into a violent and magical world populated by medics who are not terribly different from the homeless people the skels who comprise most of their patient population Orlie draws parallels between her experiences to the stories and feelings represented in the works of her favorite writers including Jack London Walt Whitman Rimbaud and Mark Twain *Skels* was written with the question in mind of what would happen if the ambulance world really was permeated with the works of past writers and the skels were carrying the consciousnesses of the writers themselves What would the protagonist have done if she had met the greatest poet of all dirty and covered with lice and been granted the chance to save him Not from dying but from his own life With *Skels* Dubris shares what she saw during her own time as an EMT not literally but more importantly how she felt in her soul magical and violent and funny filled with passion and like it contained some ancient element that was invisible from the outside

Skels Maggie Dubris, 2004 Imagining a world wherein ambulance drivers transport skels or the souls of dead writers through the underworld the author pens a unique novel set in 1979 New York that merges the ancient with the modern Original **Reading Race Relationally** Marlon Lieber, 2023-04-03 What does it mean to write African American literature after the end of legalized segregation In this study of Colson Whitehead's first six novels Marlon Lieber argues that this question has permeated the Pulitzer Prize winning author's writing since his 1999 debut *The Intuitionist* Drawing on Pierre Bourdieu's relational sociology and Marxist critical theory Lieber shows that Whitehead's oeuvre articulates the tension between the persistent presence of racism and transformations in the United States class structure which reveals new modes of abjection At the same time Whitehead imagines forms of writing that strive to transcend the histories of domination objectified in social structures and embodied in the form of habitus **The Cambridge Companion to Twenty-First Century American Fiction** Joshua

Miller, 2021-09-23 This volume explores the most exciting trends in 21st century US fiction's genres themes and concepts

Unveiling Structures in Colson Whitehead's Fiction Paula Martín-Salván, 2025-10-03 This book offers a comprehensive critical analysis of Colson Whitehead's fiction positioning him as a key figure in both African American literature and the global turn to genre It explores how Whitehead employs conventions from popular genres such as detective zombie and caper stories not merely for entertainment but as tools for ideological critique and narrative innovation Central to the study is the concept of narratives of unveiling in which information is revealed retrospectively disrupting linear storytelling and reshaping ethical perspectives These structures allow Whitehead to expose the systemic roots of racism and ideological conflict embedded in American society The book situates his work within broader debates about canon formation Afropessimist and postsoul aesthetics and the politics of form Through close readings of Whitehead's novels it demonstrates how Whitehead challenges racial myths and signifies genre expectations offering narratives that performatively enact

Masculinity in Contemporary Science Fiction by Men Sara Martín,2025-05-30 Masculinity in Contemporary Science Fiction by Men No Plans for the Future is the first comprehensive study of the self representation of men in SF novels published in the twenty first century by male authors Exploring a broad selection of writers and works the fourteen chapters present a panoramic overview of men s contributions to current SF and explore their slow but noticeable progress in the representation of gender The impact of feminism and gender studies and the demands of readers have profoundly transformed men s SF which now presents far more caring and vulnerable male characters The old stereotypes are being replaced by a collective reflection on how men and masculinity are changing though the lack of a common agenda results in novels that while exciting and often challenging sometimes miss the chance to imagine a better anti patriarchal pro feminist future for men and for all human beings The authors analysed include Robert Charles Wilson Geoff Ryman Samuel R Delany Richard K Morgan John Scalzi Iain M Banks Ernest Cline James S A Corey Colson Whitehead Andy Weir Daniel H Wilson Ian McDonald Yoon Ha Lee Tade Thompson Neal Stephenson and Kim Stanley Robinson **Narrating the Mesh** Marco

Caracciolo,2021-02-26 A hierarchical model of human societies relations with the natural world is at the root of today s climate crisis Narrating the Mesh contends that narrative form is instrumental in countering this ideology Drawing inspiration from Timothy Morton s concept of the mesh as a metaphor for the human nonhuman relationship in the face of climate change Marco Caracciolo investigates how narratives in genres such as the novel and the short story employ formal devices to effectively channel the entanglement of human communities and nonhuman phenomena How can narrative undermine linearity in order to reject notions of unlimited technological progress and economic growth What does it mean to say that nonhuman materials and processes from contaminated landscapes to natural evolution can become characters in stories And conversely how can narrative trace the rising awareness of climate change in the thick of human characters mental activities These are some of the questions Narrating the Mesh addresses by engaging with contemporary works by Ted Chiang Emily St John Mandel Richard Powers Jeff VanderMeer Jeanette Winterson and many others Entering interdisciplinary debates on narrative and the Anthropocene this book explores how stories can bridge the gap between scientific models of the climate and the human scale world of everyday experience powerfully illustrating the complexity of the ecological crisis at multiple levels *The American Police Novel* Leroy Lad Panek,2015-09-17 The American police novel

emerged soon after World War II and by the end of the century it was one of the most important forms of American crime fiction The vogue for either Holmesian genius or the plucky amateur detective dominated mystery fiction until mid century the police hero offered a way to make the traditional mystery story contemporary The police novel reflects sociology and history and addresses issues tied to the police force such as corruption management and brutality Since the police novel

reflects current events the changing natures of crime court procedures and legislation have an impact on its plots and messages An examination of the police novel covers both the evolution of a genre of fiction and American culture in general This work traces the emergence of the police officer as hero and the police novel as a significant popular genre from the cameo appearances of police in detective novels of the 1930s and 1940s through the serial killer and forensic novels of the 1990s It follows the ways in which professional writers and police officers turned writers view the police individually and collectively The work chronicles the ways in which changes in the law and society have affected the actions of the police and shows how the protagonists of police novels have changed in gender race nationality sexual orientation and age over the years The major writers examined begin with Julian Hawthorne in the nineteenth century and include such writers as S S van Dine Ellery Queen Erle Stanley Gardner Ed McBain Chester Himes MacKinley Kantor Hillary Waugh Dorothy Uhnak Joseph Wambaugh Bob Leuci W E B Griffin and Carol O Connor The Eminence in Shadow, Vol. 5 (light novel) Daisuke Aizawa,2024-07-23 BEFORE MUCH LONGER THE WHITE FOG WILL ENGULF THE WORLD IN SILENCEAll is well at the Midgar Academy for Dark Knights but then something wicked suddenly draws near The students are vanishing one by one even Cid s older sister Claire Zeta of the Seven Shadows sets off to investigate while Cid and Alexia embark for Claire s room where they find an ancient script cool magic circles and incantations that seem important and yet don t actually do anything whatsoever What does it all mean and why has Claire been talking to herself so much lately
