Exploring the major historiographical theoretical and methodological approaches that have shaped studies on slavery this addition to the Writing History series highlights the varied ways that historians have approached the fluid and complex systems of human bondage domination and exploitation that have developed in societies across the world The first part examines more recent attempts to place slavery in a global context touching on contexts such as religion empire and capitalism In its second part the book looks closely at the key themes and methods that emerge as historians reckon with the dynamics of historical slavery These range from politics economics and quantitative analyses to race and gender to psychohistory history from below and many more Throughout examples of slavery and its impact are considered across time and place in Ancient Greece and Rome Medieval Europe colonial Asia Africa and the Americas and trades throughout the Atlantic and Indian Oceans Also taken into account are thinkers from Antiquity to the 20th century and the impact their ideas have had on the subject and the debates that follow This book is essential reading for students and scholars at all levels who are interested in not only the history of slavery but in how that history has come to be written and how its debates have been framed across civilizations *New Studies in the History of American Slavery* Edward E. Baptist, Stephanie M. H.

Camp, 2006 These essays by some of the most prominent young historians writing about slavery fill gaps in our understanding of such subjects as enslaved women the Atlantic and internal slave trades the relationships between Indians and enslaved people and enslavement in Latin America Inventive and stimulating the essays model the blending of methods and styles that characterizes the new cultural history of slavery's social political and economic systems Several common themes emerge from the volume among them the correlation between race and identity the meanings contained in family and community relationships gender and life's commonplaces and the literary and legal representations that legitimated and codified enslavement and difference Such themes signal methodological and pedagogical shifts in the field away from master slave or white black race relations models toward perspectives that give us deeper access to the mental universe of slavery Topics of the essays range widely including European ideas about the reproductive capacities of African women and the process of making race in the Atlantic world the contradictions of the assimilation of enslaved African American runaways into Creek communities the consequences and meanings of death to Jamaican slaves and slave owners and the tensions between midwifery as a black cultural and spiritual institution and slave midwives as health workers in a plantation economy Opening our eyes to the personal the contentious and even the intimate these essays call for a history in which both enslaved and enslavers acted in a vast human drama of bondage and freedom salvation and damnation wealth and exploitation Slavery and Public History James Oliver Horton, Lois E. Horton, 2014-03-25 A fascinating collection of essays by eminent historians exploring how we teach remember and confront the history and legacy of American slavery Booklist Online In recent years the culture wars have called into question the way America's history of slavery is depicted in books films television programs historical sites and museums In the first attempt to examine the historiography of slavery this unique collection of essays

looks at recent controversies that have played out in the public arena with contributions by such noted historians as Ira Berlin David W Blight and Gary B Nash From the cancellation of the Library of Congress s Back of the Big House slavery exhibit at the request of the institution s African American employees who found the visual images of slavery too distressing to the public reaction to DNA findings confirming Thomas Jefferson s relationship with his slave Sally Hemings Slavery and Public History takes on contemporary reactions to the fundamental contradiction of American history the existence of slavery in a country dedicated to freedom and offers a bracing analysis of how Americans choose to remember the past and how those choices influence our politics and culture Americans seem perpetually surprised by slavery its extent North as well as South its span over half of our four centuries of Anglo settlement and its continuing influence The wide ranging yet connected essays in this book will help us all to remember and understand James W Loewen author of Sundown Towns

Critical Readings on Global Slavery Damian Alan Pargas,Felicia Roşu,2017-12-05 The study of slavery has grown strongly in recent years as scholars working in several disciplines have cultivated broader perspectives on enslavement in a wide variety of contexts and settings Critical Readings on Global Slavery offers students and researchers a rich collection of previously published works by some of the most preeminent scholars in the field With contributions covering various regions and time periods this anthology encourages readers to view slave systems across time and space as both ubiquitous and interconnected and introduces those who are interested in the study of human bondage to some of the most important and widely cited works in slavery studies
