## **Sleeping Dogs:**

**Sleeping Dogs** Tony Vanderwarker, 2014-02-04 The Pentagon has a dirty little secret they've been keeping quiet for forty years. During the Cold War a number of live H bombs were jettisoned and lost around the country as a result of mishaps and mid-air collisions. A disgraced former Pentagon weapons expert, Howie Collyer, who blew the whistle on the unrecovered H bombs and lost his job as a result, learns from a nurse in a VA hospital that one of her patients has vague recollections of being the pilot on a B-52 plane that jettisoned a nuke. Collyer teams up with the nurse to kidnap the man from the hospital in the hopes he will lead them to it. When the Pentagon learns Collyer is after the bomb, they try to stop him. But they are not alone. An al-Qaeda sleeper cell that has been keeping an eye on Collyer goes into action. A mad scramble ensues with the Pentagon, al-Qaeda, and Collyer all after the nuke. Will the al-Qaeda find it first and immolate half the Eastern Seaboard? Will the Pentagon succeed in putting a lid on their secret? Or will Howie Collyer expose the mess and vindicate himself? Inspired and written under the guidance of master storyteller John Grisham, the plot of *Sleeping Dogs* takes amazing twists and turns before ending in an unexpected and spellbinding climax. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction, novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic, and love stories, mystery, classic literature, folklore, and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

*Sleeping Dogs: The Awakening* John Wayne Falbey, 2012-06-15 Before its collapse, the USSR created an apparatus of moles and agents and used them to infiltrate and gain control of unions, academia, entertainment, and the news media. By succeeding to the USSR's efforts, a group of international financiers, the Alliance for Global Unity or AGU, gained control of one of America's two political parties. Their goal is to destroy the West, principally America, and create a one-world government in which they control all things financial. They now control Congress and the White House, with the Supreme Court basically divided. AGU's handpicked president is up for reelection, but he has become dazzled by his own rock star status and no longer follows orders. The control group determines that he must be assassinated so a new, more compliant candidate can be elected. The killing is to take place as the president delivers a Labor Day speech on the steps of the Capitol Building, but it must look as if the opposition party has done it. In keeping with today's polarized environment, a group of patriots from the military, intelligence, and industrial communities, the Society of Adam Smith or SAS, has formed in opposition to AGU. Two decades earlier, its leaders were part of a government team that trained a group of unique individuals, code-named the Sleeping Dogs, to become the deadliest hunter-killer black ops team ever. They were used on the most clandestine missions to neutralize America's most dangerous enemies. In an effort to stop AGU's assassination plans, SAS has reunited the Dogs. Not only must the Dogs survive treachery and plot twists to foil the

assassination attempt they also must cripple AGU by bringing down the billionaire arbitrager who distributes funds in support of their sinister plans      *The Cinema of Australia and New Zealand* Geoff Mayer, Keith Beattie, 2007 From The Story of the Kelly Gang in 1906 to the Lord of the Rings trilogy Australia and New Zealand have made a unique impact on international cinema This book celebrates the commercially successful narrative feature films produced by these cultures as well as key documentaries shorts and independent films It also invokes issues involving national identity race history and the ability of two small film cultures to survive the economic and cultural threat of Hollywood Chapters on well known films and directors such as The Year of Living Dangerously Peter Weir 1982 The Piano Jane Campion 1993 Fellowship of the Ring Peter Jackson 2001 and Rabbit Proof Fence Philip Noyce 2002 are included with less popular but equally important films and filmmakers such as Jedda Charles Chauvel 1955 They're a Weird Mob Michael Powell 1966 Vigil Vincent Ward 1984 and The Goddess of 1967 Clara Law 2000      *Sleeping Dogs Definitive Edition* Square Enix LLC., 2014      **Targeting Uplift** René Michel, Igor Schnakenburg, Tobias von Martens, 2019-09-09 This book explores all relevant aspects of net scoring also known as uplift modeling a data mining approach used to analyze and predict the effects of a given treatment on a desired target variable for an individual observation After discussing modern net score modeling methods data preparation and the assessment of uplift models the book investigates software implementations and real world scenarios Focusing on the application of theoretical results and on practical issues of uplift modeling it also includes a dedicated chapter on software solutions in SAS R Spectrum Miner and KNIME which compares the respective tools This book also presents the applications of net scoring in various contexts e g medical treatment with a special emphasis on direct marketing and corresponding business cases The target audience primarily includes data scientists especially researchers and practitioners in predictive modeling and scoring mainly but not exclusively in the marketing context      *The Dogs of War* John Wayne Falbey, 2017-07-04 They're here In America Thousands of Islamic terrorists committed to a rabid jihad that ends only when they've butchered the last man woman and child Worst of all they have nukes The Day of Jihad is at hand The odds of Western civilization being snuffed out grow stronger each day Compounding the threat the Chinese are solidifying their grasp throughout Asia while behind the scenes they sponsor the Islamic terrorists Once an ineffective and weakening America crumbles the Chinese are ready to extend their dominion over the entire planet The Russian president is strengthening his grip on Europe and in the Middle East Cyberwarfare is ramping up from Beijing to Moscow to Pyongyang to Tehran And AGU the Alliance for Global Unity is orchestrating it all Only the shadow government known as the Society of Adam Smith or SAS may be capable of dealing with this threat And it desperately needs the skills possessed only by that deadliest of hunter killer teams the Sleeping Dogs including their newest member an Australian With his rogue brother the monstrous Maksym intent on killing his family can Brendan Whelan reunite the Dogs in time Heart pounding non stop action pulls the reader around the globe from one crisis spot to the next as Western civilization faces its worst onslaught in history

*Spare Me, Kill the Rest* John Wayne Falbey, 2024-05-01 An election is coming and the majority of American voters don't want either party's candidate. A popular third party challenger is gaining on them. He's a highly decorated universally admired former commander of all U.S. special operations forces and has earned a Ph.D. in Economics from the University of Chicago. The Deep State is in a panic. It arranges for the general and his wife to be kidnapped and assassinated just as he begins his campaign. Only a few specially trained unique individuals are capable of rescuing the third party candidate in time. But their leader Brendan Whelan and his wife are focusing on rebuilding their damaged marriage. The Deep State seizes and confines Whelan in a secret supermax federal prison built especially for the Deep State's political prisoners. If anyone can free Whelan it's his half dozen colleagues who also have prices on their heads and are being pursued by the CIA, FBI, NSA and other alphabet agencies of the U.S. government. Can they free their leader, find the presidential candidate and rescue him in time for him to campaign successfully against the two major party candidates? [The Riddle of Intelligence](#) John Edward Terrell, Eugene Anderson, Foreman Bandama, Abhik Ghosh, 2025-06-01 There is little agreement today on what it takes to be intelligent. Yet this word is widely believed to be about something real, mostly biological and important. From this popular perspective, intelligence is also something you can have a lot of and luckily find yourself being labeled as a genius. Or sadly something you do not have nearly enough of and so find yourself being seen by others at least behind your back as silly, stupid or plainly idiotic. Looked at closely, however, it turns out this word belongs more in the realm of traditional folklore than modern science. ***Sleeping Dogs Lie*** Julian Gloag, 1980 [Coming-of-Age Cinema in New Zealand](#) Alistair Fox, 2018-03-07 Explores the complex ethical dilemmas of human mobility in the context of climate change.
