graduate schools of education in the early decades of the twentieth century came the so called professionalization of public education At the expense of the training of elementary school teachers mostly women teacher educators shifted their attention to the turning out of educational specialists mostly men administrators faculty members at normal schools and teachers colleges adult education teachers and educational researchers Ultimately a history of the neglect of the American public school teacher And Sadly Teach ends with a plea and a message that ring loud and clear The plea that the current reform proposals for American teacher education the Carnegie and the Holmes reports be heeded The message that the key to successful school reform lies in educating teacher s true professionals and in acknowledging them as such in their classrooms
