## **Teaching With Authority A Theology Of The Magisterium In The Church:**

**Teaching with Authority** Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today

**Magisterium** Francis A. Sullivan SJ, 2002-09-30 A striking series of events of the past two decades have tended to raise questions about the exercise of teaching authority in the Catholic Church The Second Vatican Council the Encyclical *Humanae Vitae* the controversy over Hans Kung's book on infallibility and the subsequent declaration of Rome that he could no longer teach as a Catholic theologian the colloquium to which Edward Schillebeeckx was summoned by the Vatican the pastoral letter of the American bishops on the question of nuclear warfare have all stimulated a lively discussion of the claims of the Catholic hierarchy to authoritative magisterium With all the abundance of literature on the subject a book was still needed that would offer an up to date systematic presentation of Catholic thinking about the nature and function of this magisterium This is what the present volume sets out to provide It takes as its point of departure the belief which a great many Christians besides Catholics share namely that the Church of Christ is maintained in the truth of the Gospel by the Holy Spirit It then examines the various ministries by which the Gospel has been handed on and interpreted for each generation of believers looking especially to the role of the bishops and among them of the Bishop of Rome in settling disputes about the faith Questions concerning papal infallibility the response called for by papal encyclicals the critical role of Catholic theologians vis a vis the magisterium are treated in the light of current theological literature with the non specialist reader in mind

**Introduction to Theology in Global Perspective** Stephen B. Bevans, 2009     **By what Authority?** Richard R. Gaillardetz, 2018 Few topics are as important or as controversial as the proper role and exercise of authority in the Roman Catholic Church Inspired by Pope Francis s bold rereading and determined implementation of the teaching of Vatican II Richard Gaillardetz has completely revised and expanded his book By What Authority It offers a helpful introduction to the nature and forms of church authority and their relationship to authentic Christian belief and discipleship Gaillardetz offers theologically clear and pastorally insightful considerations of the character of divine revelation the authority of Scripture and tradition the role of the pope and bishops in preserving the Christian faith the levels of church teaching authority the central faith witness of all the baptized the possibility of disagreements with church teaching and the proper relationship between theologians the magisterium and the whole people of God the authority of the believing community and the controversial questions that arise when there are conflicting interpretations of church teaching     **Ecclesiology and Postmodernity**

Gerard Mannion, 2017-01-13 What in the world is postmodernity Is it the dominant reality today If it is what does it mean to be a church in a postmodern world It seems that the church had a difficult time coming to terms with a modern world an era ruled by the claims of scientific certainty Having done so more or less it is now confronted by the claims of postmodernity which seem to reverse the whole equation to say that certainty and objectivity are chimeras What is truth Pilate asked and postmodernity at least as caricatured by its opponents responds There s no such thing Gerard Mannion in Ecclesiology and

Postmodernity addresses the situation of the church in a postmodern world. The fundamental changes in human society and culture wrought by the twentieth century require the church to consider its response in the twenty first century. What is the church's moral Vision? how does its practice look? what is the nature of its aspiration toward holiness in our times? Mannion believes that since Vatican II the Catholic Church has been in a kind of limbo awaiting a Vision of its own life for the future. Rather than focusing on specific controversies, Mannion offers concrete suggestions about how the church can create a better harmony between its own self understanding its ecclesiological Vision and its day to day life its ecclesial practice. Gerard Mannion PhD educated at King's College Cambridge University and New College Oxford University is Associate Professor of Ecclesiology and Ethics in the Department of Theology and Religious Studies at Liverpool Hope University UK. He is also the director of Church In Our Times Centre for the Study of Contemporary Ecclesiology co director of the Applied Ethics Initiative at Liverpool Hope co chair of the AAR American Academy of Religion Ecclesiological Investigations Program Unit and co ordinator of the Ecclesiological Investigations International Research Network. Mannion is the author of *Schopenhauer Religion and Morality* and co editor of *Readings in Church Authority Gifts and Challenges for Contemporary Catholicism* both published by Ashgate in 2003 and co editor of the forthcoming volumes *The Routledge Companion to the Christian Church* and *Catholic Social Justice Theological and Practical Explorations*. **Encyclopedia of Christian**

**Development of Moral Theology** Charles E. Curran, 2013-11-08 Charles Curran in his newest book *The Development of Moral Theology Five Strands* brings a unique historical and critical analysis to the five strands that differentiate Catholic moral theology from other approaches to Christian ethics: sin and the manuals of moral theology, the teaching of Thomas Aquinas and later Thomists, natural law, the role of authoritative church teaching in moral areas, and Vatican II. Significant changes have occurred over the course of these historical developments. In addition, pluralism and diversity exist even today as illustrated, for example, in the theory of natural law proposed by Cardinal Ratzinger. In light of these realities, Curran proposes his understanding of how the strands should influence moral theology today. A concluding chapter highlights the need for a truly theological approach and calls for a significant change in the way that the papal teaching office functions today and its understanding of natural law. In a work useful to anyone who studies Catholic moral theology, *The Development of Moral Theology* underscores in the light of the historical development of these strands the importance of a truly theological and critical approach to moral theology that has significant ramifications for the life of the Catholic church.

**Ecclesiology at the Beginning of the Third Millennium** Kevin Wagner, M. Isabell Naumann, Peter John McGregor, 2019-12-20 Born from the side of Jesus pierced on the cross, the church is the living body of Christ. Like Jesus himself, it is both eternal and temporal, spiritual and material, spotless and wounded. Constituted as an integrated living body, the church is the sacrament of Christ that is, it reveals Christ to the world and makes him present in the world. It exists in order to evangelize and does this most effectively when its diverse members are united in love. This collection of chapters from scholars from diverse fields offers a fresh approach to Catholic ecclesiology. It is hoped that the reader of this book will discover anew the beauty of the church, a living body always old and ever new.

**The Vision of John Paul II** Gerard Mannion, 2008 *The Vision of John Paul II* assesses the writings, work, and ecclesial vision of this long-serving pontiff. Moving beyond the scope of so many other books on John Paul II, this volume seeks to fill a gap by focusing on his lasting influence on pressing issues facing the church today: social justice, women's roles, collegiality, ecumenism, and interreligious dialogue. Readers will appreciate the contributions of internationally known and respected scholars: Michael Walsh, Ronald Modras, Paul McPartlan, Gerard Mannion, Judith Merkle, Jim Voiss, Charles E. Curran, Mario I. Aguilar, Susan Rakoczy, Paul Lakeland, Gemma Simmonds, Raymond G. Helmick, Peter Phan. This accessibly written volume allows readers to engage with a variety of viewpoints and to understand the ways in which the legacy of John Paul II continues to impact today's church.

**Historical Dictionary of Catholicism** William J. Collinge, 2021-08-15 This work covers the whole history of Catholicism, including the periods of Christian history prior to the present divisions into Catholic, Orthodox, and Protestant, but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States. *The Historical Dictionary of Catholicism*, Third Edition, contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 500 cross-referenced entries on important persons and places, as well as

themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism     Towards a Truly Catholic Church Thomas P. Rausch, 2005 Ecclesiology which takes into account the Second Vatican Council ecumenism and globalization Provided by publisher     **The Catholic Moral Tradition Today** Charles E. Curran, 1999-04-05 The Catholic tradition has always tried to explain its theology in a coherent and systematic way but the great changes and tensions existing within Catholic moral theology today have made it difficult to develop systematic approaches to what was once called fundamental moral theology Now a leading scholar active in this field for forty years offers a synthesis of Catholic moral theology set in the context of the broader Catholic tradition and the significant developments that have occurred since the Second Vatican Council Charles E. Curran's succinct coherent account of his wide ranging work in Catholic moral theology points out agreements disagreements and changes in significant aspects of the Catholic moral tradition His systematic approach explores major topics in a logical development the ecclesiological foundation and stance of moral theology the person as moral subject and agent virtues principles and norms conscience and decision making and the role of the church as a teacher of morality Curran's work condenses and organizes a large amount of material to show that the Catholic theological tradition is in dialogue with contemporary life and thought while remaining conscious of its rich history Of great interest to theologians for its broad synthetic scope this book is also a thorough introduction to the Catholic moral tradition for students and interested readers including non Catholics     *Christ and the Catholic Priesthood* Matthew Levering, 2010     **Confronting the Truth** Linda Hogan, 2000 A theology of conscience in light of the problems of contemporary Catholic moral theology appropriate for use in college courses or adult discussion groups     **When the Magisterium Intervenes** Richard R.
