*Teaching Language Skills to Exceptional Learners* Edward A. Polloway, James Ervin Smith, 1982-01-01      **Advances in School Psychology (Psychology Revivals)** Thomas R. Kratochwill, Stephen N. Elliott, Maribeth Gettinger, 2015-03-27

Originally published in 1992 this title is the last in a series of books on school psychology. It contains diverse contributions relevant to school psychology research, theory, and practice at the time. Including chapters on alternative intervention strategies for the treatment of communication disorders, strategies for developing a preventive intervention for high risk transfer children, a review of sociometry and temperament research, a review of the recent advances in research in training behavioral consultants at the time, and an overview of school based consultation to support students with severe behavior problems in integrated education programs.

63 Tactics for Teaching Diverse Learners, K-6 Robert Algozzine, Pam Campbell, Adam Wang, 2009. An in depth effectively organized resource guide for teachers at all grade levels putting meaningful practical strategies and activities just a page turn away. Filled with the voices of teachers and students, this book won't have time to gather dust on the shelf. Ruth Devlin, ELL Teacher, Paradise Professional Development School, Las Vegas, NV. I love the way the book addresses specific behaviors and classroom situations. The format is consistent throughout the text, which makes finding information on a specific topic, skill, or content area easy. Roxie Ahlbrecht, Second Grade Teacher, Robert Frost Elementary School, Sioux Falls, SD. Evidence based practices for delivering instruction that meets students' diverse learning needs. The increased inclusion of students with disabilities and learning differences in the general education elementary classroom has challenged novice and expert educators to seek more effective ways of meeting diverse learning needs. This detailed guide offers easy access to information about effective teaching methods that allow educators to be more responsive to individual concerns. 63 Tactics for Teaching Diverse Learners, K-6 presents successful teacher tested instructional methods that can be used across content areas and grade levels for elementary students with or without disabilities. The authors provide a practical research based teaching model that focuses on planning, managing, delivering, and evaluating instruction. Readers will find descriptions of how to teach students with diverse learning styles and needs. Feedback from teachers on how to implement or modify each tactic. Information to help teachers choose appropriate strategies for specific subjects, grades, or learning difficulties. Motivational and multifaceted, this resource is an essential tool for providing an informed approach that improves academic performance for all elementary students.

Children and Learning Difficulties Onita Nakra, 1996      Education of Exceptional Children Panda K.C., 1999. This is a basic text on the education of exceptional children, covering fundamentals of special education and integrated education for various categories of exceptional children: the mentally retarded, the hearing handicapped, the visually handicapped, the learning disabled, the slow learner, the emotionally disturbed, the speech and language handicapped, the physically handicapped, the gifted, and the socially disadvantaged. It also covers the genesis of the special education movement in our country, policies, and programmes.
