Bridging Theory and Practice in Children's Spirituality Zondervan, 2020-04-21 Bridging Theory and Practice in Children's Spirituality explores the different contexts methods and situations that influence and foster a child's spirituality and faith development Through a blend of theoretical understanding held in tension with practical application it equips those who are in or being prepared for the varied contexts where children are spiritually formed It represents a broad range of Christian expression writing from a Christ centered perspective that furthers the conversation about the next steps in children's spirituality and faith development Moving beyond the basics of faith nurture and what makes for effective ministry this resource deepens our understanding of the practices in children's lives by bringing together the best of theory and practice and includes contributions from Dr Scottie May Wheaton College Dr Kevin Lawson Biola University Dr Erik Carter Vanderbilt University John Roberto Vibrant Faith Dr Dana Kennamer Pemberton Abilene Christian University Dr Shirley Morgenthaller Concordia University Chicago Dr Holly Catterton Allen Lipscomb University Dr Robert Keeley Calvin College and Calvin Seminary Dr Mimi Larson Wheaton College Lacy Finn Borgo Renovar Institute and others Pastors professors seminary students and children's ministry leaders and practitioners all believe that nurturing a child's spiritual development is important Yet often they are unsure about which current trends

should be embraced This book will help equip these people with the grounding needed to evaluate trends and with specific suggestions for moving forward With short accessibly written chapters it helps pastors and leaders stay up to date with current trends and is an excellent resource for teaching in college and seminary classrooms *The Praeger Handbook of Urban Education* Philip M. Anderson, Kecia Hayes, Joe Kincheloe, Karel Rose, 2006-03-30 Maintaining that urban teaching and learning is characterized by many contradictions this work proposes that there is a wide range of social cultural psychological and pedagogical knowledge urban educators must possess in order to engage in effective and transformative practice It is necessary for those teaching in urban schools to be scholar practitioners rather than bureaucrats who can only follow rather than analyze understand and create Ten major sections cover the myriad issues of urban education as it exists today *Men and Masculinities* Daniel Tillapaugh, Brian L. McGowan, 2023-07-03 There continues to be much concern about the retention and persistence of men in college particularly Black Latinx and Native American men In addition queer and trans men also have found institutions to be problematic spaces For those who do persist we know that men are overrepresented in student conduct cases and engage in risky behaviors around alcohol drug use and sexual relationships Additionally we know that college men have historically avoided engaging in help seeking behaviors for their academic and personal success This book addresses the ways that theory can be put into practice for powerful transformative learning to support college men and their development This book synthesizes the research of the past three decades on college men to inform college student educators on the developmental needs of college men and illuminates how young men are socialized prior to their arrival to campus but perhaps more importantly how the collegiate environment becomes a training ground for the socialization of masculinities by students their peers and their environments Beyond that it sets out how practitioners can help young men understand why and how they have been socialized around their gender identity but also what their gender identity and sense of masculinity means for their future selves The book highlights programs and services designed to have college men engage with and dialogue around issues of hegemonic toxic or unhealthy aspects of masculinity These promising practices can offer college men opportunities to understand their power privilege and identity in ways that can be affirming and healthier leading to more life giving chances This is all the more important in the context of an ever evolving society where traditionally held norms and expectations around gender particularly masculinities are shifting This book equips student affairs staff faculty and administrators to better support college men's development It offers readers insights ideas and models for adapting and developing programs services and initiatives that may meaningfully meet the needs of specific student populations while recognizing that there is no one size fits all approach to this work *Handbook of Research on Teacher Education* Marilyn Cochran-Smith, Sharon Feiman-Nemser, John McIntyre, Kelly E. Demers, 2008-02-19 Co Published by Routledge Taylor Francis Group and the Association of Teacher Educators The Handbook of Research on Teacher Education was initiated to ferment change in education based on solid evidence The publication of the First Edition was a

signal event in 1990 While the preparation of educators was then and continues to be the topic of substantial discussion there did not exist a codification of the best that was known at the time about teacher education Reflecting the needs of educators today the Third Edition takes a new approach to achieving the same purpose Beyond simply conceptualizing the broad landscape of teacher education and providing comprehensive reviews of the latest research for major domains of practice this edition stimulates a broad conversation about foundational issues brings multiple perspectives to bear provides new specificity to topics that have been undifferentiated in the past includes diverse voices in the conversation The Editors with an Advisory Board identified nine foundational issues and translated them into a set of focal questions What s the Point The Purposes of Teacher Education What Should Teachers Know Teacher Capacities Knowledge Beliefs Skills and Commitments Where Should Teachers Be Taught Settings and Roles in Teacher Education Who Teaches Who Should Teach Teacher Recruitment Selection and Retention Does Difference Make a Difference Diversity and Teacher Education How Do People Learn to Teach Who s in Charge Authority in Teacher Education How Do We Know What We Know Research and Teacher Education What Good is Teacher Education The Place of Teacher Education in Teachers Education The Association of Teacher Educators ATE is an individual membership organization devoted solely to the improvement of teacher education both for school based and post secondary teacher educators For more information on our organization and publications please visit www.ate1.org

Multicultural Education Patricia Ramsey, Leslie R. Williams, Edwina Vold, 2003-12-16 The second edition of this source book contains essays and annotations on a number of issues related to multicultural education The authors define multicultural education as a process oriented creation of learning experiences that foster an awareness of respect for and enjoyment of the diversity of our society and world Inherent in this definition of multicultural education is a commitment to create a more just and equitable society for all people This book then offers suggestions relevant to the teaching of all children all teaching and curricular decisions and every aspect of educational policy

Practice what You Teach Bree Picower, 2012 Many teachers enter the profession with a desire to make a difference But given who most teachers are where they come from and what pressure they feel to comply with existing school policies how can they take up this charge Practice What You Teach follows three different groups of educators to explore the challenges of developing and supporting teachers sense of social justice and activism at various stages of their careers White pre service teachers typically enrolled in most teacher education programs a group of new teachers attempting to integrate social justice into their teaching and experienced educators who see their teaching and activism as inextricably linked Teacher educator Bree Picower delves into each of these group s triumphs and challenges providing strategies and suggestions for all teachers along with her in depth analysis By understanding all these challenges pre service and in service teachers along with teacher educators will be in a better position to develop the kind of political analysis that lays the foundation for teacher activism This timely resource helps prepare and support all educators to stand up for equity and justice both inside and outside of the

classroom and offers a more nuanced portrait of what the struggle to truly make a difference looks like *White Awareness* Judy H. Katz, 2003 Originally designed for facilitators as a training handbook complete with exercises and tools to assist white people address racism this book guides white people through the process of understanding challenging and confronting issues of racism This training program provides a meaningful way to help create change in the white community Responding to the challenge of creating a learning environment in which to address racism *White Awareness* provides a detailed step by step guide through six stages of learning from awareness to action The exercises within each of the stages focus on key themes including defining racism and its inconsistencies confronting the reality of racism exploring aspects and implications of white culture and identity understanding cultural differences and examining cultural racism analyzing individual racism and developing action strategies to combat racism This newly revised edition published on the twenty fifth anniversary of the first edition includes over forty activities with instructions and suggestions for conducting each session as well as recommended readings and sources for use in the activities Proving worthwhile in educational business community and military settings the program is detailed yet flexible The volume has been updated to include new source information insights on President Bill Clinton's 1998 Initiative on Race and groundbreaking research on racism as a mental disorder Racism Albert J. Wheeler, 2005 Of all mankind's vices racism is one of the most pervasive and stubborn Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul This bibliography brings together the literature **Why Race and Culture Matter in Schools** Tyrone C. Howard, 2019 Issues tied to race and culture continue to be a part of the landscape of America's schools and classrooms Given the rapid demographic transformation in the nation's states cities counties and schools it is essential that all school personnel acquire the necessary knowledge skills and dispositions to talk teach and think across racial and cultural differences The second edition of Howard's bestseller has been updated to take a deeper look at how schools must be prepared to respond to disparate outcomes among students of color Tyrone Howard draws on theoretical constructs tied to race and racism culture and opportunity gaps to address pressing issues stemming from the chronic inequalities that remain prevalent in many schools across the country This time honored text will help educators at all levels respond with greater conviction and clarity on how to create more equitable inclusive and democratic schools as sites for teaching and learning If you thought the first edition of *Why Race and Culture Matter in Schools* was impactful this second edition is even more of a force to be reckoned with in the fight for social justice By pushing the boundaries of the ordinary and the normative this book teaches as it transforms Every educator preservice and inservice working with racially linguistically and culturally diverse young people should read this book H Richard Milner IV Cornelius Vanderbilt Distinguished Professor of Education Vanderbilt University On the 10th anniversary of this groundbreaking book Tyrone Howard not only reminds me of the salient role that race and culture play in education but also moves beyond a Black

White binary that reflect the nuances and contours of diversity This book should be in the hands of all teachers and teacher educators Maisha T Winn Chancellor s Leadership Professor School of Education University of California Davis *Bridging Cultures* Carrie Rothstein-Fisch,2003-10-17 Bridging Cultures Teacher Education Module is a professional development resource for teacher educators and staff developers to help preservice and in service teachers become knowledgeable about cultural differences and understand ways of bridging the expectations of school settings with those of the home In a nonthreatening cognitively meaningful way the Module is based on teacher constructed and tested strategies to improve home school communication and parent involvement These innovations were developed as part of the Bridging Cultures Project which explores the cultural value differences between the individualistic orientation of mainstream U S schools and the collectivistic orientation of many immigrant families The goal of the Bridging Cultures Project is to support and help teachers in their work with students and families from immigrant cultures The centerpiece of the Module is training resources including an outline an agenda and a well tested three hour script designed as a lecture discussion with structured opportunities for guided dialogue and small group discussion Throughout the script Facilitators Notes annotate presentation suggestions and oversized margins encourage integration of the facilitator s personal experiences in presenting and adapting the Module Ideas for using the Readings for Bridging Cultures are provided A section of overhead transparencies and handout masters is included The Module also provides a discussion of the role of culture in education and the constructs of individualism and collectivism an overview of the effects of the Bridging Cultures Project and evaluation results of the author s use of the Module in two sections of a preservice teacher education course Bridging Cultures Teacher Education Module brings the successful processes and practices of the Bridging Cultures Project to a larger audience in college courses and in professional development arenas Designed for use in one or two class sessions the Module can be incorporated in courses on educational psychology child development counseling psychology and any others that deal with culture in education
