**Teachings Beyond Religion** Numa Jay Pillion, 2014-09-19 Death and reincarnation are the two most mysterious of the spiritual mysteries It is easy to reject the truth behind both of them After all when a person dies they stop breathing The big question becomes the following What happens at death What is its mystery Does a person cease to exist after their last breath has been taken Fear of death is what causes us to worship death We worship death when we put death on a pedestal and pay for expensive funerals dress the lifeless body in finery lay the lifeless body in a satin lined casket made of fine wood lower the casket into the ground and identify the location with an expensive gravestone Then we walk away to wait for the event to happen to us It is easy to believe that we do not live after death regardless of all that Holy Script teaches regardless of all that spiritual teachers have taught since the beginning of time When we see a loved one take their last breath we witness a fact There is no hidden meaning The loved one is gone We are left with emptiness and sometimes unbearable sorrow There are those who believe only what they can see Death is the end of life No amount of reasoning can convince them otherwise Reincarnation is the second most mysterious mystery If we live again why dont we remember This book is presented to provide enlightenment regarding these two mysterious mysteries Knowledge of the most sublime spiritual mysteries exists and some of the greatest esoteric teachings known to man are presented in this book for the readers enlightenment Those who have eyes to see let him see *Finding God Beyond Religion* Tom Stella, 2013-03-01 Take Your Understanding of Church Teachings from Limiting to Life Giving Free Your Faith to Flourish No longer sustained by easy answers we may find ourselves standing before a three pronged fork in the road we can wander in the direction of conventional beliefs and practices we can reject God and turn away from religion altogether or we can embrace our uncertainty as an invitation to a more vital understanding of both God and religion from the Introduction Do you describe yourself as spiritual but not religious Whether young or old church connected or not are you spiritually restless for an authentic faith life but do not find conventional religious teachings pertinent to you This accessible guide to a meaningful spiritual life is a salve for your soul It reinterprets traditional religious teachings central to the Christian faith God Jesus faith prayer morality and more in ways that connect with people who have outgrown the beliefs and devotional practices that once made sense to them It helps you find new ways to understand and relate to traditional narrowly defined Christian truths that honor their full spiritual power and scope and opens your mind and heart to the full impact of Christian teachings **A Way Beyond Religion** Raja Bhat MD, 2004-09-29 This new book has taken many years of spiritual exploration to create It explores spirituality within various religions and finds spiritual gems within each religion while discarding what is contrary to universal human spirituality The book tries to tear out of religion whatever is tearing humanity apart It extracts ideas and teachings from our various religions that give us the ability to practice the trimmings of simple spirituality free from the trappings of religious dogma It reviews various approaches to meditation and finds a simple letting go meditation practice

shared humanity between religious believers and non believers Ten years ago in his bestselling *Ethics for a New Millennium* His Holiness the Dalai Lama first proposed an approach to ethics based on universal rather than religious principles Now in *Beyond Religion* the Dalai Lama at his most compassionate and outspoken elaborates and deepens his vision for the nonreligious way Transcending the mere religion wars he outlines a system of secular ethics that gives tolerant respect to religion those that ground ethics in a belief in God and an afterlife and those that understand good actions as leading to better states of existence in future lives And yet with the highest level of spiritual and intellectual authority the Dalai Lama makes a claim for what he calls a third way This is a system of secular ethics that transcends religion **Beyond Religion** Dalai Lama XIV Bstan-'dzin-rgya-mtsho, 2011 *Beyond Religion* is a stirring call to move beyond religion for the guidance to improve human life on individual community and global levels including a guided meditation practice for cultivating key human values Yeshua the Cosmic Mystic Theodore J. **Beyond Religion and the Secular** Wayne Hudson, 2022-11-17 Deploying a distinctive disaggregative approach to the study of religion this volume shows that spiritual movements with extensive counterfactual beliefs have been much more creative than one might expect Specifically Wayne Hudson explores the creativity of six spiritual movements the Bahá'í a Persian movement Soka Gakkai a Japanese movement Ananda Marga and the Brahma Kumaris two reformed Hindu movements and two controversial American churches The Church Universal and Triumphant and the Church of Jesus Christ of Latter day Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal **Beyond Religion** David N Elkins, 2013-11-01 Let David Elkins psychologist and former minister show you how to find authentic soul nurturing spirituality outside church or temple walls Discover your personal

**Beyond Religion** Allen J. Wineland, 2015-10-21 In *Beyond Religion* Allen Wineland reveals the essence of Christian spirituality and provides a guide for people who are searching for spiritual fulfillment beyond what they have found within organized religion or through their own efforts independent of any church Wineland goes right to the scriptures of the Christian Bible to show what Jesus really taught about the nature of God

and the role of God in our spiritual lives It is an approach that will not be welcomed by some Christians but one that Jesus Paul and even many of the writers of the Old Testament would wholeheartedly support because it is based on what they said not on 2000 years of interpretation by religious institutions whose purposes have often been far from spiritual Churches and church leaders in their zeal to promote their own institutional and ideological agendas have driven many people away from Christian spirituality Wineland provides a way back for these people They won t be disappointed      *Teaching Japan: A Handbook* Ioannis Gaitanidis, Gregory Poole, 2025-10-01 This book aims to offer ideas and examples of pedagogy in the undergraduate classroom The basic premise taken by the authors begins with a question What if stereotypes surrounding Japan were not pushed to the margins in teaching but took center stage and were exposed for the multiple ways that they can be used to learn not only about Japan but of various scholarly disciplines The task then becomes constructing ways to challenge essentialist notions that do not seek merely to deny but to shift the conversation constructively by encouraging engagement with a theoretical field from which to acquire tools to critically and effectively evaluate stereotypes of Japan or other societies The result is a collection of carefully crafted case studies of syllabi that showcase pedagogies aimed at the deconstruction of concepts such as Japan Japanese or Japanese society while at the same time offering skills of inquiry that transcend the topics being deconstructed This handbook is a source of ideas from colleagues in a variety of disciplinary and institutional settings who are tackling the same issues current or future teachers who plan to use case studies from Japan in their lectures
