I know several thousand things that won't work." Unfortunately, talking about failures is taboo in our society. In reality, failure is a stepping stone to success and it creates an opportunity to learn, grow, and evolve. In leadership, failure is very common and every other aspirant leader knows they have to pass through failures to become a successful leader. But do you think every aspirant leader has to pay a price to learn from failures? The answer is NO. We have compiled the 12 interesting failure stories with powerful lessons learned after talking to hundreds of aspirant leaders across industries. These stories are eye-openers and myth-breakers that many of the practices as a leader you were doing so far are the real bottlenecks to establish you as a true and great leader. It will help leaders substantially reduce their chances of sinking to the bottom. **Why Teams Win** Saul L. Miller, 2009-08-26 Winning isn't easy.
