organizing the team budgeting time and resources and most importantly completing the project successfully *BASIC TECHNICAL COMMUNICATION* KAVITA TYAGI, PADMA MISRA, 2011-05-23 The younger generation today aspires to work for multinational corporations large organizations or the civil services as these are more remunerative or invest them with more power And with the competition becoming stiffer each passing day the ability to communicate effectively precisely as well as acquiring communication skills has become an important determinant in getting jobs and subsequent growth and development A plethora of books have flooded the market to capitalize on this frantic effort of the younger generation to become adept in communication and more so in technical communication This comprehensive book on Basic Technical Communication strives to focus on the communication skills needed by professionals One of the major aims of this text is to enable students to acquire proficiency in the English language Divided into five parts and 19 chapters the text deals with the four essential ingredients of communication reading writing listening and speaking skills as well as their importance objectives types and methods of improving these skills The book also discusses how these skills can be effectively applied and provides considerable practice exercises **KEY FEATURES** The text is logically organized with adequate practice in each part Gives emphasis on grammar and pronunciation Provides plenty of vocabulary on commonly mis spelt words difficult words foreign words and so on This student friendly book suffused with practical examples is primarily intended as a textbook for the first year students of engineering B Tech of Uttarakhand Technical University for their course on Basic Technical Communication It will also be of immense benefit to undergraduate students and technical professionals across the country

Technical Writing William S. Pfeiffer, Jan Boogerd, 2004 This book offers an easy to use approach towards learning the fundamentals of technical writing The author's writing style is user friendly and engages the reader by providing a comprehensive overview of current topics in technical writing Chapter topics cover process in technical writing ethics and globalism in the workplace organizing information page design patterns of organization process descriptions and instructions letters memos and electronic communication informal reports formal reports proposals and feasibility studies graphics oral communication technical research and style in technical writing For professionals in the technical writing field

Approaches to Specialized Genres Kathy Ling LIN, Isaac N. Mwinlaaru, Dennis Tay, 2020-12-29 Approaches to Specialized Genres provides a timely update of the field of genre studies with 14 cutting edge contributions split into five sections using and integrating an exceptionally wide variety of methods and perspectives such as ESP genre research corpus linguistics systemic functional linguistics ethnographic and multimodal research to analyse genres in written spoken visual and auditory modes across a multiplicity of pedagogic professional and digital settings It highlights and illustrates the growing trend of a multiperspective and inter theoretic approach to genre studies and demonstrates how such methodological rigour can extend our knowledge of language in general and genres in particular It also examines a rich variety of underexplored genres such as the digital genre of synchronous videoconferencing instructional slides video ads

engineers training log book entries the narrative story genres fundraising letters and retraction notices It demonstrates not only the prominent value of genre research but wide applications of genre knowledge in various educational and professional domains The book brings together experts spreading across the world including countries in South East Asia Europe America West Africa and South America Accordingly it will appeal to readers of diversified socio cultural backgrounds working in all the aforementioned inter related fields of applied linguistics and communication studies

User Localization Strategies in the Face of Technological Breakdown Isidore Kafui Dorpenyo, 2019-08-20 This book examines Ghana's use of the fingerprint biometric technology in order to further conversations about localization championed by technical communication scholars Localization in this case refers to the extent to which users demonstrate their knowledge of use by subverting and reconfiguring the purpose of technology to solve local problems Dorpenyo argues that the success of a technology depends on how it meets the users needs and the creative efforts users put into use situations In *User Localization Strategies in the Face of Technological Breakdown* Dorpenyo advocates studying how users of technological systems construct knowledge about the technology and develop local strategies to solve technological breakdowns By analyzing technical documents and interview transcripts the author identifies and advances three user localization strategies linguistic localization subversive localization and user heuristic experience localization and considers how biometric systems can become a tool of marginalization
