Retention of Title Susan Singleton,2010 This briefing ensures that businesses are put in a position where they can recover goods by judicious use of a well drafted retention of title clause and ensure their terms and conditions apply and form part of the contract between the parties Sadly many of the disputes that occurred during the recession have come about because one or other party did not get their commercial deal down in writing at the start They started running a company without a shareholder agreement Or they supplied goods without any terms and conditions in writing Or they had terms but they omitted important legal issues Often saving half an hour of a lawyer s cost in the initial drafting stage means a company has 18 months of High Court litigation This briefing will light the way on how to ensure you retain title to goods *Tax Planning for Businesses and Their Owners* Peter Hughes,2006-11 2006 07 has been a significant year for UK tax legislation seeing in the introduction of a new personal pensions regime the abolition of the nil starting rate for Corporation Tax and the alignment of Inheritance Tax for the various types of trusts This book is aimed at owners and managers of businesses and offers advice on the tax implications of their business decisions It guides owners towards both business choices and personal transactions that will help to secure opportunities for tax reduction In the midst of wide reaching change in tax regulations the author a financial consultant and lecturer uses his experience and expertise to provide a timely advisory text which concentrates specifically on relieving the tax burden
