makes the Americans the British the French the Russians and the Chinese who they are In this homogenized world where globalization is a byword for a deadening sameness why do peoples who live in the same region use the same money read the same books and watch the same movies remain different from one another As much as Canada may be seen as a copy clone or colony of America we are unquestionably distinctive It is a result of our geography history and politics It comes from our demography and prosperity Most of all it comes from our character In *The Unfinished Canadian* Andrew Cohen delves into our past and present in search of our defining national characteristics He questions hoary shibboleths soothing mythologies and old saws with irreverence humour and flintiness unencumbered by our proverbial politeness itself a great misperception and our suffocating political correctness We are so much in so many shades and it s time we took an honest look at ourselves In this provocative passionate and elegant book Cohen argues that our mythology our jealousy our complacency our apathy our amnesia and our moderation are all part of the unbearable lightness of being Canadian *For King and Kanata* Timothy Charles Winegard,2012 In his groundbreaking book *For King and Kanata* Timothy C Winegard reveals how national and international forces directly influenced the more than 4 000 status Indians who voluntarily served in the Canadian Expeditionary Force between 1914 and 1919 **Quest Biographies Bundle — Books 1-10** Vladimir Konieczny,Darcy Dunton,Michelle Labrèche-Larouche,T.F. Queen's Quarterly ,1919 U. S. Route 2 -Canada Too! Robert Mac Kinnon,2014-01-17 Another time across the New Jersey Turnpike but this time its different Its the beginning of a full cross trip and high time as a matter of fact and sad to say Its well past the time I should have gone Way back when we were both working my wife and I followed this same route across the country a section at a time It took years One time so far Next time pick it up from where we left off and again go just so far Section by section vacation by vacation trip after trip and after each I would write about what we found and research for the next trip And with respect 9 11 and Katrina have virtually no part in any of this simply because they came later The original plan was to have the two of us make this trip after retirement Her health wasnt up to it Last year after fifty one years of marriage she died Her name was Theresa Terry to those of us who loved her Our family grief is and will remain private So thats the last word you will see on this sad event Now at age 77 Im by myself and off to complete the whole route of the trip Rise to Greatness, Volume 2: Dominion (1867-1949) Conrad Black,2017-04-04 Sweeping ambitious and

revelatory this is the second volume in a major history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a masterful groundbreaking account of the people and events that shaped a nation The second of three volumes spanning from the year 1867 1949 this compelling history challenges our perception of our history and Canada s role in the world taking on sweeping themes and vividly recounting the story of Canada s development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country s history is a riveting tour de force by one of the best writers writing today Sir Wilfrid Laurier Peter McArthur,2020-08-06 Reproduction of the original Sir Wilfrid Laurier by Peter McArthur

Painful Choices David A. Welch,2011-06-27 Under what conditions should we expect states to do things radically differently all of a sudden In this book David Welch seeks to answer this question constructing a theory of foreign policy change inspired by organization theory cognitive and motivational psychology and prospect theory He then test drives the theory in a series of comparative case studies in the security and trade domains Argentina s decision to go to war over the Falklands Malvinas vs Japan s endless patience with diplomacy in its conflict with Russia over the Northern Territories America s decision to commit large scale military force to Vietnam vs its ultimate decision to withdraw and Canada s two abortive flirtations with free trade with the United States in 1911 and 1948 vs its embrace of free trade in the late 1980s Painful Choices has three main objectives to determine whether the general theory project in the field of international relations can be redeemed given disappointment with previous attempts to reflect on what this reveals about the possibilities and limits of general theory and to inform policy Welch argues that earlier efforts at general theory erred by aiming to explain state behavior which is an intractable problem Instead since inertia is the default expectation in international politics all we need do is to explain changes in behavior Painful Choices shows that this is a tractable problem with clear implications for intelligence analysts and negotiators **Canada** W.
