Social Discredit:

Social Discredit Janine Stingel, 2000-02-24 By examining Social Credit's anti-Semitic propaganda and the reaction of the Canadian Jewish Congress Stingel details their mutual antagonism and explores why Congress was unable to stop Social Credit's blatant defamation. She argues that Congress's ineffective response was part of a broader problem in which passivity and a belief in quiet diplomacy undermined many of its efforts to combat intolerance. Stingel shows that both Social Credit and Congress changed considerably in the post-war period as Social Credit abandoned its anti-Semitic trappings and Congress gradually adopted an assertive and pugnacious public relations philosophy that made it a champion of human rights in Canada. *Social Discredit* offers a fresh perspective on both the Social Credit movement and the Canadian Jewish Congress, substantively revising Social Credit historiography and providing a valuable addition to Canadian Jewish studies.

A Company's Right to Damages for Non-Pecuniary Loss Vanessa Wilcox, 2016-09 This detailed examination explores the extent to which non-pecuniary damages can properly be awarded to companies. *Canadian Multiculturalism and the Far Right* Bàrbara Molas, 2022-08-22 *Canadian Multiculturalism and the Far Right* examines a neglected aspect of the history of 20th-century Canadian multiculturalism and the far right to illuminate the ideological foundations of the concept of third force. Focusing on the particular thought of ultra-conservative Ukrainian Canadian Walter J. Bossy during his time in Montreal 1931-1970s, this book demonstrates that the idea that Canada was composed of three equally important groups emerged from a context defined by reactionary ideas on ethnic diversity and integration. Two broad questions shape this research: first, what the meaning originally attached to the idea of a third force was, and what the intentions behind the conceptualization of a trichotomic Canada were; and second, whether Bossy's understanding of the third force precedes or is related in any way to postwar debates on liberal multiculturalism at the core of which was the existence of a third force. This book will be of interest to students and researchers of multiculturalism, radical right ideology, and the far right and Canadian history and politics.

Faces in the Crowd Franklin Bialystok, 2022-06-29 Starting with the first steps on Canadian soil in the eighteenth century to the present day, *Faces in the Crowd* introduces the reader to the people and personalities who made up the Canadian Jewish experience from the Jewish roots of the NHL's Ross trophy to Leonard Cohen and all the rabbis, artists, writers, and politicians in between. Drawing on a lifetime of wisdom and experience at the heart of the Canadian Jewish community, Franklin Bialystok adds new research, unique insights, and best of all, memorable stories to the history of the Jews in Canada.

Alberta Premiers of the Twentieth Century University of Regina. Canadian Plains Research Center,2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories

Lady Hamilton and Lord Nelson John Cordy Jeaffreson, 1897

Lady Hamilton and Lord Nelson, an historical biography John Cordy Jeaffreson, 1888 **The Prairie Agrarian Movement Revisited** Kenneth Murray Knuttila, 2007 The formation of the Territorial Grain Growers Association in 1901 was not the only important event in the early history of what has come to be known broadly as the agrarian movement in the Canadian prairies but it was a defining moment in some respects. Arguably it signalled the formation of an agrarian class but at least it was an indicator of an awakening of a democratic consciousness among family farmers. Ultimately the Association provided a venue for analysis and critique, the development of strategies and tactics and of course the nurturing of leadership and organizational forms that would have a profound influence upon politics and the state in the three prairie provinces and the Dominion as well as the creation of co-operatives and other forms of direct action. These eighteen essays honouring the 100th anniversary in 2001 of the formation of the TGGGA explore important aspects of the historical legacy of the agrarian movement and contemplate their relevance to the current setting for the rural prairies. pub desc **Sociology of Constitutions** Alberto Febbrajo, Giancarlo Corsi, 2016-05-05 This collection brings together some of the most influential sociologists of law to confront the challenges of current transnational constitutionalism. It shows the constitution appearing in a new light, no longer as an essential factor of unity and stabilisation but as a potential defence of pluralism and innovation. The first part of the book is devoted to the analysis of the concept of constitution, highlighting the elements that can contribute from a socio-legal perspective to clarifying the principle meanings attributed to the constitution. The study goes on to analyse some concrete aspects of the functioning of constitutions in contemporary society. In applying Luhmann's General Systems Theory to a comparative analysis of the concept of constitution, the work contributes to a better understanding of this traditional concept in both its institutionalised and functional aspects. Defining the constitution's contents and functions both at the conceptual level and by taking empirical issues of particular comparative interest into account, this study will be of importance to scholars and students of sociology of law, sociology of politics and comparative public law. *Partisan Odysseys* Nelson Wiseman, 2020-05-12 In *Partisan Odysseys* Nelson Wiseman sets out to survey the history of Canada's political parties. Uncovering distinctive motifs and events in Canadian party politics from pre-Confederation to the present, Wiseman shows how parties have adjusted, adapted and reinvented themselves in response to significant social and economic

changes as well as how parties have in turn shaped or reinforced these social forces The book begins by tracing the rise of four different types of parties in the nineteenth century by the end of the century the Conservative and Liberal parties that continue to this day were firmly established The book also explores nationalism minority governments third parties and the reconfiguration of party positions Wiseman concludes by examining changes in the way Canada's ever evolving parties have operated and the rise of the modern party as a nimble enterprising institution compared to its historical antecedent

Substantial yet accessible Partisan Odysseys will enlighten students scholars and general readers alike Legacies and Memories in Movements Donatella Della Porta, 2018 Legacies and Memories in Movements addresses the long term effects of democratic transitions on social movements in Italy Greece Portugal and Spain Donatella della Porta and her collaborators examine the concepts of historical legacy and memory suggesting ways to apply them in analyses of the long term effects of movements movement participation and movement strategies and tactics
