# Social Security Disability Backlog Reduction Efforts Under Way Significant Challenges Remain

**United States. Congress. House.  
Committee on Ways and Means.  
Subcommittee on Social Security**

## **Social Security Disability Backlog Reduction Efforts Under Way Significant Challenges Remain:**

**Social Security Disability** DIANE Publishing Company, United States. General Accounting Office, United States. Congress. House. Committee on Ways and Means, 1996-12 In 1995 5.7 million disabled workers and their dependents received Disability Insurance benefits from the Social Security Administration (SSA) up from 3.9 million at the end of 1985. During the same period, disabled recipients increased from 2.5 to 4.9 million. Over the past decade, SSA has struggled to deal with unprecedented growth in appeals of its disability decisions, the resulting backlog of cases awaiting a hearing decision. This report examines the growth in this backlog at the SSA agency initiatives to reduce it, concerns associated with SSA's efforts. Charts, tables. SSA Disability Redesign United States. General Accounting Office, 1996. Oversight of the Disability Appeals Process United States. Congress. House. Committee on Ways and Means. Subcommittee on Social Security, 1998. *Activities of the House Committee on Government Reform and Oversight* United States. Congress. House. Committee on Government Reform and Oversight, 1995. **Social Security Disability** Cynthia A. Bascetta, 1998-12 Each year about 2.5 million people apply to the Social Security Administration (SSA) for disability benefits. Disability determination services, which are state agencies that conduct disability determinations on behalf of SSA, award benefits to about 35 out of every 100 of these applicants. This report evaluates the SSA's decision-making process for disability determinations, assesses its efforts to improve the process, reports on factors that contribute to differences between disability determination services, administrative law judges' decisions, the SSA's actions to make decisions in initial appealed cases more consistent. Tables. **Senate Report No. 105-36, 105-1**, 1998. *Social Security Disability* Daniel Bertoni, 2010 The Social Security Administration (SSA) has experienced processing delays and significant backlogs of disability claims at the hearings level. In May 2007, SSA began implementing a plan for eliminating the hearings backlog, entitled "Summary of Initiatives to Eliminate the SSA Hearings Backlog." This report 1) examined the Plan's potential to eliminate the hearings level backlog, 2) determined the extent to which the Plan included components of sound planning, and 3) identified potential unintended effects of the Plan on hearings level operations and other aspects of the disability process. This report analyzed SSA data, conducted a risk analysis, assessed the Plan, and its update, interviewed SSA officials, and conducted site visits. Illus. **Social Security Disability** United States.
