wide *Ecosocial Work and Sustainability Transitions* Koen Hermans, Ingo Stamm, Aila-Leena Matthies, Susanne Elsen, 2025-10-21 Sustainable development and ecosocial work have become one of the most dynamic global debates of the social work profession. How can social work contribute to the sustainability transitions of European societies? Bringing together a diverse group of researchers from around the world, this book offers an analysis of the main theoretical insights on ecosocial work, the contribution of social work research to transdisciplinary research on sustainability, and how social workers can already bring the ecological dimension into their daily practice. Incorporating new research evidence from the ASTRA project, the wide range of contributors dive deep into the theoretical and methodological underpinnings of ecosocial work, providing valuable insights for researchers, students, activists, and practitioners. [Social Workers' Desk Reference](#) Albert R. Roberts, 2009 This is a new edition of the wildly successful everyday reference for social workers. Like the first edition, it has been crafted with the help of an extensive needs assessment survey of educators and front-line practitioners, ensuring that it speaks directly to the daily realities of the profession. It features 40% new material and a more explicit focus on evidence-based practice. [Social Work Practice with Children and Families](#) Francis K. O. Yuen, 2014-06-11 Effectively engage clients in working for personal change. *Social Work Practice with Children and Families* presents the framework for family health, social work, and its applications in various practice environments. This vital textbook provides a unique blend of academic deliberations and practical service guidelines. Case examples or discussion questions are included at the end of each chapter to facilitate more in-depth understanding and discussion among graduate and undergraduate students, professors, and educators in health and human service areas. *Social Work Practice with Children and Families* is organized into two major sections: entitled Practice Interventions and Policy Programs and Emerging Families. This book will supply you with intervention and change strategies for promoting the physical, mental, emotional, social, economic, cultural, and spiritual growth and development of the family unit and each of its members, resulting in its holistic well-being. The book covers a wide variety of family dynamics that you will encounter, including gay/lesbian parents, single parents, and grandparents as caregivers. In this resource, you will also find case studies, adaptive strategies, and intervention models for working with families dealing with abuse and violence, disability, loss, and grief, HIV/AIDS, migrating, and seasonal farm work, and more. *Social Work Practice with Children and Families* will show you how to adopt and use family health, social work practice methodology, and models in your casework. As a supplemental text, it will help you harness the resources of the household, the government, and the community to develop interventions and services that promote the interests and welfare of your clients and their loved ones.

*Fostering Social Work Gerontology Competence* Catherine J. Tompkins, Anita L. Rosen, 2013-12-19 Inspire the next generation of gerontological social workers. The growing number of people over the age of 65 in the United States has increased the demand for social workers who are trained to work with the elderly, a demand that is in danger of not being met. *Fostering Social Work Gerontology Competence* presents innovative techniques and strategies to help educators infuse aging

content into their graduate and undergraduate curriculums in an effort to produce a new generation of social work practitioners who are up to the task of working with an older population Recent surveys show that there has been a decline in the number of aging specialties and courses offered by schools of social work Fostering Social Work Gerontology Competence offers a renewed focus on the promotion of gerontological social work education presenting papers that grew out of the first National Gerontological Social Work Conference NGSWC held in 2003 This unique book is invaluable to anyone who educates future social workers leads staff training sessions and or teaches continuing education courses on aging Leading gerontologists examine teaching research community collaboration and social work competencies while focusing on special populations and issues including end of life care elder abuse grief counseling cultural diversity cultural competence and the effects of spirituality and social support on the well being of the elderly Fostering Social Work Gerontology Competence examines curricular and organizational change developing intergenerational projects involving older persons in the educational process uniting field practice with theory strategies to promote student interest identifying geriatric competencies intergenerational service learning developing an aging prepared community emerging trends in aging and health care end of life care and death education environmental issues affecting elder abuse victims mental health services for older persons in rural communities kinship care and much more Fostering Social Work Gerontology Competence is a vital resource for social work educators and practitioners gerontology educators and practitioners and students

Social Work and Human Rights Elisabeth Reichert,2003 This is an overview of human rights concepts and laws for social workers that stresses the need to infuse human rights into social work policy and practice The volume covers the history and development of human rights from the passage of the Universal Declaration of Human Rights in 1948 onwards **Current Catalog** National Library of Medicine (U.S.),1993 Social Work Practice Eileen Gambrill,2012-12-06 The first textbook to emphasize the importance of critical thinking skills to practice this third edition of the classic Social Work Practice retains its unique focus on thinking critically about decisions that social workers make daily Organized around the phases of helping this hands on introduction highlights the decision points that social workers encounter during assessment intervention and evaluation This text together with its companion website provides students with a wealth of hands on exercises for developing and assessing their practice skills Most importantly it helps students enhance client well being by becoming critical thinkers and evidence informed practitioners *Social Work Treatment* Francis J. Turner,2017-03-23 First published in 1974 Social Work Treatment remains the most popular and trusted compendium of theories available to social work students and practitioners It explores the full range of theoretical approaches that drive social work treatment and knowledge development from psychoanalysis to crisis intervention A treasure trove of practice knowledge the text equips professionals with a broad array of theoretical approaches each of which shine a spotlight on a different aspect of the human condition Emphasizing the importance of a broad based theoretical approach to practice it helps readers avoid the pitfalls of

becoming overly identified with a narrow focus that limits their understanding of clients and their contexts This sweeping overview of the field untangles the increasingly complex problems ideologies and value sets that define contemporary social work practice The result is an essential A to Z reference that charts the full range of theoretical approaches available to social workers regardless of their setting or specialty
